My biggest worry was the mess that would be left behind but it turns out I had nothing to worry about. They left it spotless! I would recommend them for anybody looking for roofing work."

Another customer in a review titled "Thank You" says, "After shopping around for the best deal to get our roof repaired, we chose this company based on its online ratings and testimonials. After receiving a quote, we decided to go with them. After signing the contract the workers showed up 8 days later, as promised. After starting the work they found another underlying problem that had not been initially spotted. They gave us a quote and then went ahead and completed that work very well too. They cleaned up all their mess as they worked on the project, were very efficient with their time, and the roof looks great."

One more review titled "A Really Great Job" states that, "They did everything they said they were going to do, at the exact price that they quoted us. The job was also completed on time and they cleaned up after themselves. Absolutely perfect, and would certainly recommend them to others."
