

EcoElectronix Provides Customers with Unique Office Upgrades According to 5-Star Review

February 25, 2019

February 25, 2019 - PRESSADVANTAGE -

EcoElectronix is a fast growing family-owned company that sells high-quality office supplies designed to simplify daily tasks and create better time management. The EX-25 heavy duty electric stapler is one of their top selling products that has generated over 950 Amazon.com reviews from customers who cannot get enough of their products.

The EX-25 can staple up to 25 sheets of standard paper with very little noise and without jamming. Pharmacists, teachers, and other people with busy professions have stated how much the electric stapler has helped them in the workplace.

One customer, in particular, stated recently in a 5-star review that the EX-25 electric stapler is one of the best office upgrades on the market. The customer wrote, "I have wanted an electric stapler for quite some time. I finally gave myself permission to have a little splurge partially because there was something I wanted to do Prime Same Day Delivery on that the order needed a bigger order to qualify for. I received the electric stapler, loaded it with batteries, found a place on my desk that would work well for use and to conceal the AC / adapter cable. Since then I have used it about a dozen times."

The EX-25 does not require fancy and expensive staples, only standard regular ones, and it comes preloaded to make things even more efficient. For those who work in small offices or have limited desk space, the stapler can be used with batteries or the adapter.

The customer added, "Each time this little monster puts a smile on my face as I can staple the documents generated by my life with one hand and (so far) with no mangled staples. Right now I think this little monster machine is one of the best office upgrades that I can recommend to family, friends, and neighbors."

Customers are not the only ones impressed by the EX-25, Amazon is too as they have awarded the stapler an Amazon's choice badge to showcase that they would also recommend the electric stapler as well. To purchase unique office supplies by EcoElectronix, readers can visit Amazon.com where the EX-25 electric stapler is available for only \$39.73 and includes a lifetime warranty. The stapler is available in both black and white, and with free two-day shipping for Amazon Prime members.
