February 25, 2019 - PRESSADVANTAGE -

Plano-based Cash Offer Homebuyers is proud to announce that they are now buying houses in Plano, Texas. This is a "We Buy Houses" company that purchases homes directly from homeowners without the need to hire real estate agents.

"Many homeowners have told us about the nightmare of waiting for a solid offer for the property listed in the market. Even before agreeing to talk to us, they said that potential buyers are already having second guesses whether they would offer that amount or give it to someone else," said Victoria Petersen from Cash Offer Homebuyers. "The housing market in Texas has been tough, there are homes sitting in the market for over one year already. Cash Offer Homebuyers provides no-strings-attached homebuying services for homeowners to receive a straightforward and reasonable cash offer for their property," stated Victoria Petersen.

A number of homeowners said that they have had enough of the overly-complicated process of traditional home-selling. The hassle of finding a real estate agent and all the expenses of open houses, listing, and advertising fees are too expensive that not everyone can afford- not to mention the thousands of dollars

allocated for agent commissions.

"We are a team of experts in this business of buying houses in the Plano, Texas area. We give homeowners a reasonable amount of cash for their property within 7 days," assured Victoria Petersen. Cash Offer Homebuyers' service areas can be found on Google Maps at <https://goo.gl/maps/NTZ4Q7iagmr>.

A lot of homeowners are forced to spend a considerable amount of money for the costly repairs or even a complete renovation before being able to sell their house. This does not even guarantee the owner that the house's new look will attract potential buyers to make a solid offer. Even the number of foreclosures in Texas is still high and while there are programs that help those who are going through difficult times, Victoria Petersen recommends selling the property to Cash Offer Homebuyers for more reasonable cash homeowners will receive. The company will make a no-strings-attached offer within 24 hours.

"We know that there are a number of homeowners in Plano, Texas who are ready to sell their house. We offer all our clients a 100% risk-free cash offer for their property and make it as stress-free as possible," stated Victoria Petersen. Around 15% of home sales fall through, with few receiving what they expected, not even including commissions/fees, closing costs, inspections, and financing contingencies.

Lack of a home's curb appeal is most often the reason why potential buyers back out of the deal. Therefore, it is the responsibility of the homeowner to be present all the time, making sure that everything is properly organized and cleaned.

"I need help in selling my home ASAP maybe you can do something?", I hear that a lot from stressed-out homeowners," said Victoria Petersen, "and like every one of our clients, we offer the same service. We make a fair cash offer within 24 hours and if they accept the offer, the owner can have the cash in hand within 7 days."

For those homeowners who are thinking of downsizing, or facing a sudden life change may need to sell their property as quickly as possible. Therefore listing the house in the market is definitely not the best option.
