March 02, 2019

March 02, 2019 - PRESSADVANTAGE -

Earlier today, Buki Yuushuu LLC announced the launch of its new New Custom Weapons Design Website Launched service, set to go live January 1, 2019. For anyone with even a passing interest in the world of Martial Arts Weapons, this new development will be worth paying attention to, as it's set to shake things up.

Currently, with even a passing glance, a person will notice the same boring styles of weapons and not many choices. Buki Yuushuu offers literally millions of options and custom combinations to build that perfect weapon. The President at Buki Yuushuu LLC, Manny DeCastro, makes a point of saying, "Things changed in a big way when our New Custom Weapons Design Website launched its service."

Manny DeCastro continues, "Where you'll always see our competitors doing the same old thing, we will always allow our customer to design and build that perfect weapon that represents them uniquely. Take for example or Bo Staffs, each Bo Staff has 37 different sizes, 64 base colors, 64 stripe colors, multiple grip colors and on and on. We do this because we believe we are all different and have found that our customers

have great imaginations and creativity in design. Ultimately this is going to be a huge benefit to our customers because you can now express yourself and make that perfect weapon just for you."

Buki Yuushuu LLC was established in July 2006, doing business for over a decade. Moreover, it has always aimed to innovate in any large or small way it can, due to the firm belief that innovation drives progress and greater happiness.

Currently, the closest thing to Buki Yuushuu LLC's New Custom Weapons Design Website Launched service is nothing, DeCastro says. He adds, "We have created a unique push-button ease of use ordering system with millions of possible combinations of products, but Buki Yuushuu LLC improved on this by the ease of product selection and design. This alone is predicted to make Buki Yuushuu LLC's New Custom Weapons Design Website Launched service more popular with customers in the Martial Arts Weapons space, quickly."

Once again, the New Custom Weapons Design Website Launched service is set to launch January 1, 2019. To find out more, the place to visit is <https://BukiYuushuu.net>.
