

3 Things To Expect When Tornado Bo Staff Launches for Sale In 2019

March 04, 2019

March 04, 2019 -

Buki Yuushuu LLC today announced the official launch date of its upcoming custom designed Bo Staff. Rumors are already starting to circulate among observers, and die-hard fans within the Martial Arts Weapons world, as the 'Live' date of Tornado Bo Staff draws near. Buki Yuushuu LLC has also released three things fans, reviewers and critics can expect from the release in 2019.

The first thing folks should expect is a significant improvement in design customization, sizing options, and finally Bo Staff core options. The Tornado Bo Staff makes this happen by users' ability to now pick the type of Core their Bo Staffs are manufactured with. This is to be expected from a business who places this much value on the customer's unique situation and ability, giving them that custom design approach, down to choosing the new Bo Staffs Core. The Core can be the basic lightweight wood core, a very durable hardwood core, and also a very light graphite core. The customer has full control of their weapons feel and function.

As well as that, Buki Yuushuu LLC will be celebrating the launch event by promoting and offering the new Bo

Staff for sale at a discounted rate. They hope that Martial Artists will demand the best of their Bo Staff Weapons manufacturer and indeed design a weapon that fits them correctly in a style they can appreciate.

Finally, for die-hard fans of the industry, they'll be interested to know what went into making Tornado Bo Staff. It has taken a few months to produce, from start to finish, from the initial idea to create the final product. The custom designed Bo Staff is also made up of only the finest materials with the best core options, made by martial artists for martial artists. This should provide total satisfaction to Martial Arts Weapons connoisseurs.

Manny DeCastro, President at Buki Yuushuu LLC also wanted to add "Buki Yuushuu weapons are handcrafted from the finest materials with the martial artist in mind. Our Bo Staffs are perfectly balanced and one of the lightest if not the lightest Bostaffs in the industry."

For more information about the product itself can be found at https://bukiyuushuu.net/product/tornado-bo-staff/.
