

Piedmont Paint & Finish Announces Power Washing Services

March 08, 2019

Charlottesville, VA - March 08, 2019 - PRESSADVANTAGE -

Piedmont Paint & Finish, a business based in Charlottesville, Virginia, has announced that they are offering power washing services. They are now providing power washing services to residential and large-scale commercial buildings. This particular service makes use of high-capacity, powerful, and temperature-controlled power washing equipment for maximum cleaning capability. More information about this service can be gleaned from <http://piedmontpaint.com/power-washing/>.

Charles David, founder and owner of Piedmont Paint & Finish, says, "We are a painting contractor working in Charlottesville, Ivy, Keswick, Nellysford, Wintergreen, Stony Creek, Richmond, and surrounding towns. We specialize in residential painting ? including estates, farms, and houses ? and offer commercial painting services as well. Additionally, our paint shop provides refinishing, painting, spray painting, and restoration of furniture and cabinetry; including cabinet painting & refinishing. We are now happy to announce that we have added power washing to our many services so that you can have your homes, walkways, sidings, roofs and gutters, decks, driveways, bricks, concrete, and stonework cleaned thoroughly.?"

When it comes to residential painting services, in view of their vast experience, they are capable of providing advice on product selection, color, and more. They make use of only high quality products such as those from Benjamin Moore and Sherwin Williams. They provide both interior and exterior painting services. Furthermore, they also provide quality cabinet refinishing, spray painting, case work, and other refinishing services for furniture. More information about Piedmont Paint & Finish can be found at their Facebook page at <https://www.facebook.com/PiedmontPaint>.

Meanwhile, as shown on their Google Maps page, many customers have expressed their satisfaction with the regards to the services that they received. For example, one client gave the company a five star rating and said, "If I could give 10 stars I would! This is the best team to work with, from the beginning to the end they were prompt, actually early, for every meeting, they were friendly, easy to work with. They offered excellent suggestions and were very accommodating. They turned what could have been a high stress change into a stress/worry free transformation. The work they did on our lodge was incredible, the way they transformed it from very dark and dated to bright and modern. I hands down will use them again with future renovations not only at the lodge, but at my home as well. I look forward to working with Ben, Greg and Oscar in the future.?"

As a commercial painting contractor, Piedmont Paint & Finish is capable of handling painting projects for medical facilities, institutions, retail properties, and more. Just like with residential painting, they can take care of interior painting and exterior painting. For interior painting, they are careful to avoid disrupting the business operations whenever possible. Because of this, the work is more complex than for residential projects but the professionals at Piedmont Paint & Finish are experts in solving such problems and are able to deliver even the most intricate and the biggest interior painting jobs on time and within budget.

Piedmont Paint & Finish also provides professional cabinet painting services. They have a team of cabinet painters who are capable of providing the ideal combination of artistry and technical skills. Charles David points out that those who are looking to boost the resale value of their home through kitchen renovation can make use of their services in enhancing their kitchen cabinets.

Piedmont Paint & Finish has been offering fine paint and finishing services since 2007 to homeowners and contractors. They have been helping customers choose the best products that are suitable to their budget and space. They use low- to no-VOC lacquers and paints whenever possible so as to minimize any negative effects on the environment. They are Lead-Safe Certified by the US Environmental Protection Agency and are members of the Painting and Decorating Contractors of America.

Those who need more information or would like to consult with Piedmont Paint & Finish or get an estimate can visit their website at <http://piedmontpaint.com/> or contact by phone or by email. Their business hours are from Monday to Friday, from 8:00 am to 4:00 pm.
