In August of 2010, he and his family moved to Anchorage, where he started practicing at Healthy Smiles

Dental, his current place of work. Dr. Preece is constantly looking for ways to improve his knowledge and service capabilities, attending a multitude of courses to help improve on his already vast knowledge of dentistry. Our services are mainly focused on adults as they are the ones with the greatest risk.” Dr. Preece works alongside his team of professionals to provide a number of dental services, including implants, veneers, teeth whitening, crowns, dentures, root canal therapy, and sedation dentistry. I am incredibly impressed and so glad that we (my family) have found his practice. Our previous dentist had retired. Everyone from Tammy who greeted me to Emily who cleaned my teeth were exceptional! If you are in need of a dentist I can’t stress enough of how wonderful and professional this office is.”
