The office staff is friendly, and the dental hygienists are really experienced (and friendly, too). I have some unique health issues so having an excellent dentist and support staff is very important to me," says one client.

Another client says that, "I use to fear the dentist until my husband took me to see Dr. Kacel. Before I saw him I hadn't been to the dentist except for emergencies in several years. Now, I go every six months like I'm supposed to with no anxiety whatsoever. I always see Bonnie to get my teeth cleaned, and she is always delightful."
