I received the offer within 24 hours of contacting them and it was the best deal I got compared to the other companies I consulted. All my questions about the process were answered in full details and they were very patient with me throughout. The team is very easy to connect with and they were able to close the sale in just 10 days. "My husband was promoted at work last month and was immediately relocated to San Antonio. We decided to move to the city anyways since his job was for good. Even though our house was in New Braunfels, which is near San Antonio, they still agreed to buy our house there. They were referred to us by a friend of mine and we are very happy for the recommendation we got. They were very responsive to queries and agreed to meet with us that same day of calling them on the phone. Our need to move quickly was very well-understood and they certainly did not disappoint. They were able to close on our house in New Braunfels within the week, so we were also able to move to San Antonio on that weekend. The team is very knowledgeable, professional, committed and easy to work with. Anyone in San Antonio and surrounding areas who are looking to sell their house immediately, I recommend that they work with Quick Home Buyers. It is a decision they will never regret," says Angela M.
