Office Movers Auckland Reaches New Milestone Of 1000 Successful Moves

March 22, 2019

March 22, 2019 - PRESSADVANTAGE -

Moving your office or small business is now in safe hands for the public of Auckland. Office Movers Auckland have declared that they have reached the milestone of 1000 jobs completed across the greater Auckland area.

Mark Barber, owner of the company says "We have been in the business a long time and are glad to announce we have just completed a milestone we are very proud of. When customers need office furniture movers deserves, we expect they will contact us and get the best service our team can provide for the best price."

"We are a professional team of spa pool movers Auckland," says Barber. He further added that, "We strive to ensure that our customers are totally happy with our services. We pack and secure all items to prevent damage prior to moving them from home or office to the new location."

Barber goes on to say that his company's quotes are set and that there are no hidden costs involved once a price is provided as long as the information the customer provides is correct. The customers can look forward

to a hassle-free moving experience at a reasonable price to the highest care level.

Some moves require special care when being shifted from one place to another for example Pianos and Spa pools and this is where Office Movers Auckland excel with the use of special equipment. Barber says that his team thoroughly distinguishes the importance and the thought and planning needed in moving large items and they take extreme care to pack carefully so that items don't move during transportation and reach the destination without any damage. If this is not done properly during transportation, items could be damaged. Once they reach the destination items like spa pools, furniture or pianos would require professional care to get them into place.

Interested consumers can contact the company through their website, email, phone, or visit them in their media room to get more information regarding the specific services they offer, their experience with moving pianos across Auckland, spa pools and other larger items.
