The Key Guys Replaces Lost Car Keys For Minneapolis Citizens

March 28, 2019

MINNEAPOLIS, MN - March 28, 2019 -
After a very long and brutal winter, spring has finally emerged in the Twin Cities of Minneapolis Saint Paul. Unfortunately, while people are trying to acclimatise to the new season, it may lead to a certain forgetfulness and, inevitably, lost car keys. When that is the case, the best solution is to call The Key Guys, who will come to service no matter where the incident occurs, whether it is at home, at work, or elsewhere.

One advantage that The Key Guys has over many other businesses is the fact that they are certified automotive locksmiths. Their areas of expertise include car key duplication, key fobs, transponder keys, and selling aftermarket or OEM keyless car remotes. This narrow range of focus ensures that they specialize in what they can do as well as maintain the quality of each finished product. In addition, they can also fix broken keys, create a backup key, program a person?s current key, or replace batteries. They have been in service since 1988 and have decades of expertise at their disposal.

The company is able to make a new set of car keys for virtually any make or model on the spot, saving those affected the cost of towing?and at a lower price than what local car dealers may charge for the same service. Bryan Nystrom, from The Key Guys, stated that they, ?have already helped thousands of people who have lost their car keys due to various reasons. We have had people who lost their keys while partying, some while fishing, and many who just simply misplaced or dropped their car keys elsewhere.?

The creation of a new car key often takes under an hour in many cases. Nystrom stated that they, ?carry all the required gear and materials in their fleet of well stocked mobile vans,? for individual automobile owners. However, he added, ?dealerships may require significantly longer intervals and may in some cases take days,? to deliver replacement keys.

The Key Guys?s car locksmith service has enjoyed several positive reviews, partly due to their ability to work with dealerships, owners, or small shops. One auto owner, Nancy Anderson, stated, ?I didn?t have to drive anywhere! The Key Guys came to my office and replaced my key on the spot. I couldn?t believe how easy it was. I will definitely recommend The Key Guys.?

In addition to auto owners, dealerships have had good experiences with this company as well. The Used Car & Service Managers stated that they, ?love the convenience of calling The Key Guys for all their car key needs. One call and you?ll get fast, reliable, professional service!? The Key Guys serve the large Minneapolis region and try to be as quick as possible when responding to issues.

Bob Johnson, who works at at an auto shop, said, ?The Key Guys help us serve our customers. We do a lot of auto repair and it?s great to have a resource like The Key Guys to call. They get here fast and always do great work.?

Another car owner, Santiago Guachamin, also had a positive experience with The Key Guys, stating, ?I was away with on military training for a month, came back and lost my key in one day. I was going nuts until I saw one of the Key Guys truck. I called, and Bryan was great. He arrived in 30 minutes, and he even had my car in the system so it took him less than 10 minutes to finish. I highly recommend them. Also, their price was better than the dealership.? The Key Guys strive to make car keys at a low, affordable rate at any place and time.

Those interested in retaining the services of an experienced car locksmith may contact Bryan Nystrom of The Key Guys. They may also visit the company?s website, where they can find further contact details and other information regarding the company?s services. Conveniently, the website also allows visitors to book an appointment with the company.
