March 29, 2019

March 29, 2019 - PRESSADVANTAGE -

Palm Beach Rent To Own Homes, a real estate agency based in Lake Worth, Florida, wants to make it clear that rent to own homes are available in Palm Beach, Florida, which means there's no more reason to simply rent a home. The company wants to emphasize that a "rent to own," which is also known as a "lease option" or a "lease purchase," can have substantial advantages for people who are currently renting a home. The agency specializes in helping residents of Palm Beach become homeowners through their Palm Beach Rent To Own Home Program. More information about this can be gleaned from <https://www.PalmbeachRentToOwnHomes.com>.

Fitz Thompson from Palm Beach Rent To Own Homes, says, "We acquire houses every month from homeowners who need to sell for one reason or another. Often times we remodel the homes to bring them up to date and up to insanely great shape for a new rent to own tenant / buyer like yourself to move into. Each rent to own house is different, so there's definitely the perfect rent to own house out there for you."

Various types of houses are available through the Palm Beach Rent To Own Home Program. These include two bedroom to four bedroom homes, homes with 1,400 to 2,500 square feet in area, homes with updated

bathrooms and kitchens, and homes with many upgrades. Those who want to visit the offices of Palm Beach Rent To Own Homes can check out their Google Maps page at <https://goo.gl/maps/4WfiRj6ZXPL2>.

Fitz Thompson explains that the rent to own process is quite straightforward. Those who are interested can join the property list of Palm Beach Rent To Own Homes, providing the details of the type of home that they are looking for, their budget, and other details. The company will then send a list of rent to own homes that fit the client's criteria. Clients who choose a particular home will be given an application form and if they are approved to rent the said property, a monthly rent will be agreed upon, including the terms of the future purchase. After signing the documents, clients will be able to move in. And if clients pay their rent payments on time, they can decide whether to purchase the property or not at the end of the rental agreement.

The rent to own contract will specify the length of time that the client will have to complete the purchase of the home. This is usually three years but clients can extend their option in certain circumstances if they require more time to obtain their down payment or credit up to the point where they are able to qualify for assistance from a bank. The purchase of the property will usually be through the traditional way of funding but there are other alternatives to complete the purchase, depending on the client's finances.

Previous clients have expressed their satisfaction in the rent to own program through positive reviews. For instance, one client said, "We never could have done this without you! With our previous credit history and very little cash, we didn't know we could become homeowners" but now our family has a beautiful home to call our own. Thank you so much! Another client said, "Even though my husband was having trouble getting a job, you were able to help us to get a house! Thank you so much for all you've done for us!"
