Credit Wealth Express Now Offers Credit Disputing Aid Through New Document Delivery Tool

September 15, 2015

September 15, 2015 - PRESSADVANTAGE -

Summerlin, NV based company, Credit Wealth Express, is now offering credit-disputing aid through their new Document Delivery Tool. The system is available for \$37 and offers certified proof for users during a dispute with a credit agency. It has been designed based on the understanding that there are credit bugs that sometimes appear on credit reports. This can alter the credit score of an individual without them realizing it, and can impede future financial decisions. The Company describes it by saying, "We just made a confusing and time consuming task simple, our document delivery credit tool enhances communications, organization and provides the needed proof the lawful timelines were kept or not by credit reporting agencies and if not, the removal of unverified information from credit reports should occur."

The service provided through Credit Wealth Express, an online service of Gold Eagle Express Inc., offers real-time tracking of the dispute letters sent as well as additional advantages such as proof that documentation has been received by the credit bureau. This type of proof, as described by the Company, has been required when there's a failure to comply with credit laws. It can act as a form of proof throughout legal proceedings if the dispute should make it into court.

Credit Wealth Express believes that this service is something completely unique to the credit industry and promotes it toward those who may have a few "credit bugs" in their own report, but who are unsure how to handle them. For only \$37, the company compares it to being as affordable as a few fancy cups of coffee and suggests that it may be more cost effective and time saving than the alternative of registered mail.

Credit Wealth Express offers a simple to use online credit dispute processing system that will start to process instantly without the need of any phone contact, their official website at <https://www.creditwealthexpress.com>. Here individuals can view an informational video, read more about the tool, and use the communication information available to contact the company if they desire. The company offers a 100% customer satisfaction guarantee with a full refund over a 60 day period and allows for quick and easy access to the tool through the site. The tool is available on a 24 hour a day, 7 days a week basis, so that users can follow along with the process at any time of the day. The Company believes it's services compare favorably with other services such as www.LexingtonLaw.com?, www.CreditRepair.com and others.
