

Craftsmen Contractors Offering Roof Replacements

April 26, 2019

April 26, 2019 - PRESSADVANTAGE -

Lexington, KY (April 25, 2019) ? Craftsmen Contractors is in the business of replacing roofing for clients in need. For years, the company?s primary focus has been on helping homeowners keep their properties in the best possible condition. They are proud to announce that commitment currently extends to roofing. It is their belief that administering proper roof maintenance is just one important facet of keeping one?s home protected, as well as all the precious memories forged within.

Each contractor hired and dispatched by the company is 100 percent certified to perform their work. Every contractor employed by the company must meet ?GuildQuality,? a specific type of credential that measures the level of service and customer satisfaction carpenters, contractors, and related professionals are able to give their clients. Craftsmen Contractors? selects their employees based on the quality of service they are able to deliver to the company?s clients.

Clients will also be able to work with specialized claim experts throughout the renovation process. These members of the company?s staff handle the insurance component of the client?s roofing work. Should anything go wrong during the job, the claims specialist will have all the necessary paperwork and will support the client in the event a claim needs to be filed.

In terms of specific types of roof work, Craftsmen Contractors offers replacement services, simultaneous gutter and roof repair, and repairs for storm-related damages. Those who are interested in working with Craftsmen Contractors for their roof repair but may not be able to afford the full cost of the work can utilize one of several different financing choices. No matter the extent of the job, Craftsmen Contractors always places the client first and foremost.

About Craftsmen Contractors

The team at Craftsmen Contractors values compassion above all else. They understand the dedication their clients have placed into obtaining and maintaining their homes. It is this sense of sympathy that drives them to offer only the best in terms of gutter and roof repair services, among similar other types of home repair work. Those in need of contracting assistance can turn to Craftsmen Contractors for help with custom projects, roofing, insulation, siding, gutters, windows, and more. In their own words, Craftsmen Contractors values their clients' homes just as much as the clients do. To learn more about the company, pay a visit to their website at craftsmencontractors.com.
