MyLEDLightingGuide Offers High Efficient LED Parking Lot Light Fixtures

April 03, 2019

April 03, 2019 -
Nashua, NH ? MyLEDLightingGuide is proud to announce its new family of LED Parking Lot Lights that are DLC Qualified and backed with a 10 year warranty.

?We now offer 7 new LED Parking Lot Fixtures that are DLC Qualified, powerful, and extremely efficient,? says Dwayne Kula, president of MyLEDLightingGuide.com. "Our models range from 60 watts to 400 watts, producing from 10,200 lumens to 66,000 lumens that is also UL Listed and backed with a 10 year warranty."

These LED Fixtures are stylish and so simple to install. It's as simple as removing one?s existing fixture and then installing the new LED Fixture on the existing pole. Reducing cost of maintenance goes hand in hand with reducing cost of operation with these LED Parking Lot Fixtures. They are built and designed to last a very long time.

Guiding consumers towards more energy efficient high quality products is the main goal at MyLEDLightingGuide, along with pre and post sales support. It is achieved by providing the consumer a superior product when it comes to LED lighting solutions. With the new DLC Qualified LED Parking Lot

Fixtures, we are able to save more energy and create quicker pay backs for the customer.

About Us

It is the primary goal at MyLEDLightingGuide.com to help the commercial customers save energy and money by using safe, efficient LED lighting for their facilities. Their goal is to educate the customer with real information about LED Lighting and show them how to convert from their older style lights over to LED. Visit their website for more information on their LED Parking Lot Fixtures.
