Fast Eddys Keys Express Available To Rekey Locks

April 15, 2019

April 15, 2019 -
With the arrival of spring, many people are on the move, both in terms of finally spending time outdoors after the harsh winter months and moving to new homes and apartments. When moving into a new home or apartment, it is always wise to rekey locks as one has no idea who may have access to the old key used by the former occupants. Losing a roommate is also a valid reason for wanting to rekey the locks. To this end, Fast Eddys Keys Express offers quick, professional rekeying services at reasonable rates.

In a recent press release, Fast Eddys warned that the start of spring is known to bring with it a sharp spike in burglar activity. With people moving from home to home and also generally leaving their homes more often, it comes as no surprise that burglars are taking the opportunity to begin breaking into homes. ?Spring is here and people are out and about,? says Edward Mann, otherwise known as Fast Eddy. ?So are burglars, who take advantage of the great weather and your being out and about to break into your home and steal your things. Best thing to do is call on Fast Eddys Keys Express for a free home security check, and get your home and family secure.?

Fast Eddys Keys Express offers rekey services to residential homes starting at $25 per lock cylinder. They also charge a $75 trip fee, which is the base fee for Fast Eddys mobile locksmith service. Once the locks have been rekeyed, Fast Eddys gives five free house keys per trip charge. ?This fee is the foundation of our pricing. In addition, there will be labor fees and product costs, if any. The trip charge fee does not apply to lockout services. Lockout services are quoted as a flat fee,? says Fast Eddys. The company also offers commercial property and business lock rekey services at the same prices, with additional keys priced between $3.50 and $10.00. Most jobs take around 45 minutes to complete.

Fast Eddys has been bringing its dependable mobile locksmith services to Minneapolis for over 30 years. Beginning in 1991, Edward Mann found success when he helped Johnny Gilbert, a writer for the popular Minneapolis Star and Tribune, access his lost car. Gilbert referred to him as ?Fast Eddy? in the article he later wrote, and Mann has used the name ever since. The article caused Mann to experience a sharp increase in the number of customers calling him to assist with all manner of lock-related issues, and Fast Eddys Keys Express has since become one of the best rated, positively reviewed locksmith services in the

area. The company?s concern for home security and close attention to detail have both been important factors in maintaining the success it first achieved in the period following the release of Gilbert?s article.

A customer identified as Ade S. stated in a review, ?Eddy is kind, personable, professional, and, as the name states?fast! He was a fantastic communicator, calling back personally within minutes of when I reached out to the office to schedule service. He outlined the costs (which were incredibly reasonable), showed up promptly, and performed the work with skill demonstrating his 30+ years of experience. He explained everything he did, and respected the property as if it were his own. I would happily recommend him to anyone in need of a locksmith, and will definitely use his services again when needed.?

Another review from Laura C. states, ?I dropped my keys in the snow and couldn't find them. I called Fast Eddys and they rekeyed my car on the same day. Super easy to work with and reasonable prices. ?Fast? isn't just a moniker they use in their name! I'll never call another locksmith again.?

For a commercial locksmith dedicated to providing the best service, combining years of experience with a great reputation, contact Edward Mann of Fast Eddys Keys Express. The company is able to send an experienced, qualified locksmith to any location in Minneapolis to quickly repair, replace, or install locks with a close attention to detail.
