April 15, 2019 -
Need Money Now is pleased to announce that it is fully prepared for the series of changes the New Zealand Government plans to make to the Credit Contracts and Consumer Finance Amendment Bill. ?We committed to responsible lending, and provide full cost transparency to all our customers, so we have no hidden charges,? said a company representative.

Need Money Now is one of the leading companies in New Zealand offering online financial assistance to anyone looking for an easy and quick cash advance. Applicants typically receive the funds in their account within 60 minutes following approval.

?Customers simply have to visit us online to complete the application,? affirmed a company representative. ?Our online application only takes a few minutes to complete. With their information, we can find the right financial tool for our customers without them having to take time out of their busy day to visit us in person.? Those who wish to find out how they can benefit from the company?s financial options can visit Need Money Now. Applications can be made 24/7, every day of the year.

Last year, 12% of New Zealand households reported not having the money they needed to meet everyday needs, according to Government findings from the review of the Credit Contracts and Consumer Finance Act. Need Money Now is always ready to help anyone facing unexpected expenditure regardless of how it will be used?whether it is a medical expense, a car bill, or any other unforeseen cost. Many people find that dealing with their banks is time consuming and laborious, taking more resources than they have available to deal with a financial emergency. Taking time off work to call and arrange appointments, travel to and from the bank, and so on all cost hours in which they could be earning money. Furthermore, these individuals may be embarrassed to discuss their financial predicament with family or friends, and unwilling to ask for help from people with financial difficulties of their own. This is why they need reliable information regarding the institutions they approach for aid.

?We decided to offer good information, with transparent costs and a quick online application to help customers feel more at ease when requesting the financial assistance they require,? said a company representative. Customers find it easy to grasp the quick three-step process, access the application, and use the online chat feature to gain access to experienced representatives if they need assistance filling out the application or have any other questions.

Need Money Now offers a wide range of tools for those in need of temporary financial assistance. As everything is done digitally, those seeking financial assistance need not even print out documentation to provide a written signature. The relevant legal documentation is also available on the company?s website. Some people prefer to speak face to face, which can be accomplished by visiting the Need Money Now offices in Christchurch. The offices can be found here: https://goo.gl/maps/mBqVoXo9Lz62. Their business hours are Monday to Friday, 8:30 am to 4:30 pm.

Conveniently, the Need Money Now website features an online calculator that can help those seeking financial assistance to understand their obligations?allowing them to select the most appropriate figures, as well as the repayment term that suits them the best before making an application.

Brian from Brydnwr had this to say about Need Money Now: ?I just wanted to email and say, ?Thank you,? to the team at Need Money Now. I can?t believe how quickly they processed my application, and how quickly I had the money. Really helped me out.?

Need Money Now, a New Zealand Registered Financial Services Provider, has built its reputation on the solid foundation of being a committed, responsible company. ?We are grateful to our customers who consider us to be their most trusted financial assistance provider in New Zealand,? said a company representative.
