MyLEDLightingGuide Offers A Full Range Of Led Shop Lights To Replace Old Style Fluorescent And Hid Fixtures

April 15, 2019

April 15, 2019 -
Nashua, NH (PRWEB) April 2, 2019: MyLEDLightingGuide is proud to announce its new family of LED Shop Lights that are DLC Qualified and will provide years of bright, trouble free lighting.

?We now offer strip, linear and ufo style LED Shop Lights that are DLC Qualified, powerful and cheap to operate? says Dwayne Kula, president of MyLEDLightingGuide.com. "Many of these units are in stock, ready to ship and will not only brighten your shop, but create a safer work environment and lower your lighting bill."

These LED Fixtures are stylish and so simple to install. It's as simple as removing your existing fixture and then installing the new LED Fixture in your shop area. Reducing cost of maintenance goes hand in hand with reducing cost of operation with these LED Shop Light Fixtures. They are built and designed to last a very long time.

Guiding consumers towards more energy efficient high quality products is the main goal at MyLEDLightingGuide, along with pre and post sales support. It is achieved by providing the consumer a

superior product when it comes to LED lighting solutions. With the new DLC Qualified LED Shop Light Fixtures, we are able to save more energy and create quicker pay backs for the customer.

About The Company

It is the primary goal at MyLEDLightingGuide.com to help the commercial customers save energy and money by using safe, efficient LED lighting for their facilities. Their goal is to educate the customer with real information about LED Lighting and show them how to convert from their older style lights over to LED.
