San Diego, CA (April 18, 2019): Troy Warren, CEO and Chief Executive Producer of Infotainment Radio, announced the network is launching its San Diego radio station KCSD.

Warren said, "Our format is talk radio and we like to call it Life Radio at times because we cover subjects like Pet, Health, Home, Travel, Beauty and Finance. More will be added as we grow the network."

More importantly, the mission of KCSD San Diego radio is in gathering the best and most reputable merchants in the local area in the Infotainment Radio DEALS.Radio Marketplace. The Marketplace will be growing sharply during the month of April and May.

The DEALS.Radio offers a unique twist on the DEALS market in that people acquire and claim the DEALS with DEAL Coins. Local merchants and vendors will be giving away the DEAL Coins, plus when a new Member joins free at the Marketplace, they are given 25 DEAL Coins to get started saving at local merchants right away.

Warren talks about the DEAL Coins often and says, "Using DEAL Coins, doesn't cost, it pays."

The merchants in the Marketplace will be interviewed on San Diego Radio KCSD to give consumers a better grasp of the offerings of the businesses, and more importantly their reputations.

San Diego Radio KCSD is rolling out its free recording service for consumers listening. If they have favorite content they don't want to miss, they can have it all archived for listening later.

Infotainment Radio has recently launched its digital audio delivery platform through an iHeart Radio subsidiary. Additionally, Infotainment Radio is launching what will be one of the biggest press release distribution channels at PR.News along with its 24 hour per day travel booking platform at Travel.Radio.
