

Garage Door Company Celebrates Another Successful Year of Serving Oak Brook

April 25, 2019

April 25, 2019 - PRESSADVANTAGE -

The Oak Brook garage door repair firm offers repairs and installation of all types of residential and commercial garage doors. With more than thirty years of personal experience in the residential industry, the family-owned company has been serving the Oak Brook area.

Oak Brook IL: Monster Garage Repair Oak Brook is pleased to announce that they have over 30 years of personal experience to homes and businesses in the Oak Brook community. The Oak Brook garage door repair firm specializes in the installation and repair of all types of commercial and residential garage doors. The family owned and operated business is part of the Oak Brook community. They serve the entire Oak Brook and surrounding areas with great customer service and prices which are affordable. No subcontractors are used in the service calls.

A spokesperson for Monster Garage Repair Oak Brook explained, "We offer professional recommendations based on our thorough inspection of the garage door and opener. We approach every garage as if it were our own home. We base our recommendations on what is needed, what we recommend and allow the customer to make their own choice. We warranty any and all parts we replace or install and offer warranties on our labor as well. We are certified and insured for your peace of mind."

The company offers a number of services, including garage door installation, garage door repair and garage door maintenance. The staff members are fully trained and certified; they are licensed and insured and provide fast and professional service. The certified technician inspects the entire door and all of its components, as well as the opener. They are then able to provide professional recommendations that permits the customer to make the decisions about the extent of the repairs which they want.

The services which are provided include replacement of garage door springs and repair of the garage door. The entire door can be installed according to industry standards. The door and track system are leveled in order to ensure that the door opens and closes easily and smoothly. When a door needs to be removed, the technicians utilize extreme caution and adhere to all safety measures.
