May 06, 2019 -
Idaho Falls, ID: After ongoing patient requests, The Center for Aesthetics, is excited to announce that for the first time, CFA is offering special Saturday hours in their Idaho Falls clinic. The clinic is happy to state that Dr. Durboraw, MD will also be helping patients on most Saturdays too.

Dr. Catherine, ?We are the only aesthetics clinic in Idaho falls which has board-certified providers (MDs and PAs) available on Saturdays. There are others open on Saturdays but only have aestheticians performing the services.?

?We're making it easier than ever for you to keep your skin in tip-top shape. What?s great is that we provide several treatments which could be done on Saturday and recovered by Monday,? shared CFA representative.

The Idaho Falls medical spa will be kicking off their Summer Saturdays with these dates: May 18, June 1st, June 15th, July 13th, and July 20th. Appointment times are limited and CFA suggests interested people contact them quickly to save their spot.

CFA Beauty is excited to be offering all these signature services, performed by their board-certified providers and medical aestheticians: CFA Trifecta - Ultherapy, Vivace and PRP, all in one session, Dermal fillers - Botox, Dysport, Juvederm, Restylane, and Versa, Laser Hair Removal - the fastest technology EVER, CoolSculpting - quickly freeze away the fat, HydraFacials - the perfect, pampering GLOW, and so much more.

Currently, the CFA Idaho Falls clinic has 66 Google reviews, all Five Star reviews. Edith Newman said, ?I found the staff to be very kind and talented. Dr. Durboraw was so excellent and so talented. I am grateful for her talents and for her years of service to the people that need her. Thank you all, it has been a great experience and I can't wait to use eyeshadow and mascara again.?

And Laurie Campo stated, ?CFA's staff is wonderful. They are absolutely the best at what they do - not only in the region but nationally. Having experienced other offices throughout the country who do similar things there is no comparison to the care AND the results which I get here.?
