New Roofers Celebrate Their Arrival In The Coraopolis, PA Area

May 28, 2019

May 28, 2019 -
Coraopolis, Pennsylvania based Moon Roofing Company recently opened their doors to the Moon Township community. To celebrate their arrival, the company is offering free estimates for all of their services. Interested parties may look up the company's location via this link: https://goo.gl/maps/Zecep2ZaP2yaVAbS9.

Although the roofing contractor company may be new to the area, they arrive with the promise of changing the market with their top tier service?carried out by qualified professionals in record time. The company relies on a team of experts with a wealth of experience and extensive training in the field to give the Pennsylvania community the service that they deserve.

The Moon Roofing Company recently served their first few customers, among whom was a resident of the Moon Township community who was in need of a complete roof replacement and had been looking for an affordable option without success for a long time. The Moon Township resident shared his experience with the company and expressed his gratitude towards Moon Roofing Company by saying:

"Before contacting the Moon Roofing Company, I had already called every other roofing contractor in the area. They would all give me exorbitant price estimates, none of which fit my budget, and they all said the project would take at least a week to be completed. When I called Moon Roofing, they explained the entire process thoroughly to me of exactly what had to be done, with total transparency of what it would cost me. They gave me a free estimate, which was finally something that fit my budget. The project only took a couple of days, where other companies said it would take at least a week to complete. I have no complaints about Moon Roofing's services, and I am sure that in no time, they will earn their spot as one of the best roofing contractors in the area."

The Moon Roofing Company has already set up a website where they have extensively detailed their services. These include roofing repairs, roofing replacement, and roofing inspection, all of which are carried out according to the state?s regulations. The website also follows the company's transparency policy, featuring rough estimates of the average costs of each service provided by the company. Prospective

customers may browse the company?s services by visiting the following link: https://sites.google.com/site/moonroofingcompany/.

Despite their brief presence in the area, the company has enjoyed a highly positive response from the Coraopolis community. The company is pleased to note that the community seems to be welcoming them with open arms, and they are eager to show off what they can do for local residents. Many of the company's best services are still under wraps.

A representative of the company described the approach that the company will be taking as they move forward and grow within the Pennsylvania area, saying, "We arrived in the Moon Township community with a clear mindset and a well-defined set of missions: To deliver the best service possible, at a price that fit the average community member's budget. Now, having served our first few customers in the Coraopolis area, we have now aim to surpass our future customer's expectations. We will strive to improve our services constantly, as to not let our beloved community members down. We have been looking forward to opening our doors to the Moon Township community for a long time and, now that we've arrived, we will not settle for anything short of perfection when it comes to the services that we offer."

The company is confident that their early success is a sign of even better things to come. They invite local residents to get in touch and see what the company can do for themselves. Those looking for additional information on the company's services may visit their website, at https://moonroofingcompany.com . Interested parties may also follow the company on their social media platforms where they have been incredibly active over the last few weeks, to stay up to date with their latest news and important announcements.
