July 22, 2015 - PRESSADVANTAGE -

Porcelain Tub Restorations in Bowie, MD is a remodeling company that offers homeowners an affordable solution to their bathroom remodeling needs. The company's new one day bathroom remodeling service helps to save up to 75% off the normal project costs.

"My mission is to provide customers with the luxurious and romantic bathroom that they have dreamed of having, without the high cost and hassle of replacements," says Paul Burns, CEO and founder of Porcelain Tub Restorations.

The contractor provides results by refinishing existing fixtures, bathtubs, wall and floor tiles, sinks and countertops, saving customers money but also providing them with a "new to them" bathroom.

Porcelain Tub Restorations remodels bathrooms without the typical remodeling costs because they basically use what the homeowner already has available. By rejuvenating these items that are already in place, bathrooms look completely and newly remodeled yet the costs are significantly lower than if the contractor completely renovated the room.

"We love it," states Melissa Myers, Maryland homeowner. "We were looking to have a few changes made, but our budget didn't really allow for a complete overhaul. Paul and his team did an amazing job and we couldn't be happier with how our bathroom looks. Everyone compliments us on it. The really are a budget bathroom remodeling contractor!"

Studies show that remodeling costs, even for smaller bathrooms, can reach thousands of dollars with just one or two major changes. The gist of Porcelain Tub Restorations' remodeling is to use fixtures and major appliances that are already in place, and simply give those items a facelift. This changes the look and ambiance of the bathroom without the exorbitant costs related to purchasing new fixtures.

"We just want our customers to be pleased with their end results. We can completely remodel any bathroom and save you money while doing it," says Burns. "Homeowners should feel free to visit us on Facebook for bath renovations. We would be honored to give them the bathroom that they want." Porcelain Tub Restorations is a licensed and insured remodeling contractor serving homeowners in Maryland, Washington D.C., and Northern Virginia.
