

Nova Graphene CEO Paul Beasant Recruits Black Ram Media Group Inc to Expand Multi National Footprint

May 08, 2019

May 08, 2019 - PRESSADVANTAGE -

Nova Graphene is now providing various markets with industrial scale Graphene formulations in the quantities required to offer manufacturing sectors the mass adoption of the revolutionary advanced material, CarbonEra Graphene.

Black Ram Media Group Inc will be assisting with public education support helping industries understand the business potential and current Graphene availability CarbonEra graphene's offers manufacturing sectors, as well as helping to showcase the expertise of the Nova Graphene team under the direction of their CEO Paul Beasant.

Nova Graphene is positioning Canada, US & Ireland as leaders in graphene production and application.

Up until now most people believed graphene was something that would be available in the future, this partnership announcement is to let the manufacturing community know that graphene is available now thanks to Nova Graphene's R&D, which has moved to industrial scale production with Black Ram Media Group Inc helping to spread that message.
