FTL Increases Exposure In California

May 22, 2019

May 22, 2019 -
Family Title Loans (FTL) has announced that it is expanding its exposure in California. This means that the financial assistance that it offers to people in need of emergency funds are now available in California. The move of FTL was in response to the observation that California has become an expensive state to live in. This indicates that people may be just getting by with their current income and any sudden increase in expenses will cause them to search for a source for funds that can temporarily fill in the unexpected gap between income and expenses.

A spokesperson for FTL says, ?We are happy to announce that we have expanded our locations in California and we plan to add more as the need arises. Sad to say, people living in California are in a state of financial stress. Indeed, the median price of homes and median rent in the state are about twice that of the national average. But that is not the only problem. It was observed that the top item that is causing financial stress to Californians is the high cost of living overall. That is why, we have decided to expand our exposure in California.?

As of August 2018, the median price of a home in California was more than $540,000 and the median rent was almost $3,000. Those are double the national average of $218,000 and $1,695, respectively. Nevertheless, it is the cost of living overall that has residents of California worried. According to a study, California is one of the states with the highest cost of living. Thus, it was also noted that around 26 percent of Californians said that everyday cost of living is their biggest source of financial stress for them. More information about the help offered by FTL can be found in Press Advantage releases.

Currently, FTL has already established offices in various locations in California. These include Adelanto, Agoura Hills, Albany, Aliso Viejo, Anaheim, Apple Valley, Arcadia, Artesia, Atwater, Daly City, Atascadero, Downey, Bell, Burbank, Long Beach, Fresno, Aliso Village in Los Angeles, Beverly Grove in Los Angeles, Oakland, Orange, Pasadena, Alkali Flat in Sacramento, Santa Ana, Los Angeles, Mission District in San Francisco, San Francisco, Avenal, and Azusa.

FTL is able to offer financial assistance up to a maximum of $50,000 but it can provide it much more

efficiently and much faster compared to a bank. This is because what the company uses is the client?s valid car title as collateral without taking possession of the car. A significant advantage of this is that people need not worry about having a low credit score. This is understandable in view of the fact that these people are likely to have a troubled financial history because of the problems they have been encountering.

Meanwhile, the quality of the services offered by FTL has been proven to be excellent by customers. For example, Tamika B. says, ?I had to pay my property taxes and couldn?t get a personal loan from the bank, so I found Family Title Loans online and they were able to get me approved fast for a car title loan on my Toyota Camry. Thanks Family Title Loans!?

In the same manner, Arin R. says, ?My friends had told me about Family Title Loans services and when I was short on cash I thought I would give it a chance. I was glad I did as one of their licensed vendors got me the money I need the same day!?

As can be gleaned from the above, the benefit of having the funds as quickly as possible is very significant for past customers. This is understandable in view of the fact that these people are usually in some kind of emergency, which is why they need the funds as soon as possible. Also, some could not even get it from their usual sources of financial assistance.

Those who are interested in knowing more about the assistance that FTL can offer people in California can visit their Press Advantage page or their website. They can also contact the company via telephone or via email.
