5 Stars Movers LLC Bronx Movers has announced that they are adding more moving services for their customers. The company recently announced that new services including long distance moving and moving management will be added in order to help more people with their moving needs.

Michael, a representative for the moving company says, "We want you to have all of the services that you need for your relocation, whether you are moving across town or across the country. Your move will be so much easier if you have all of those services in one place."

Michael says that a list of all of the company's moving services can be seen on their official website. He states that these new services include packing and unpacking.

"If you are busy, really busy, then you may simply not have time to ensure that all of your things are packed up and ready to go," says Michael. "We can help. We have professional movers who are experienced in

packing. Your belongings will be packed safely and securely and once we arrive at your new home, we will unpack those items for you as well. So, if you have work or other things to tend to, your home still gets moved based on your schedule but you don't have to do any of the work."
