

Dentist In Greenville SC Wins 2015 Patient's Choice Award

July 21, 2015

July 21, 2015 - PRESSADVANTAGE -

Mirror Lake Family Dentistry, a dental clinic located in Greenville South Carolina, has just won the 2015 Patient's Choice Award by Opencare. Opencare is a platform that tabulates ratings and reviews by patients for different health providers. Its main goal is to allow the best clinics and doctors to shine through so they can maximize the number of patients they can help.

The algorithm set by Opencare was created by an Economics Professor at Brock's Univeristy, Dr. Ivan Medovikov, and included the following factors in coming up with a score: Patient reviews from Google, Yelp, RateMDs, Opencare and North 49, Years of Experience, Standing at the Better Business Bureau and Professional misconduct record.

As a recipient of Opencare's Patient's Choice Award for this year, Mirror Lake Family Dentistry is all the more excited and humbled to continue their best practices. Scott Meadows commented, "We are very happy and honored to be chosen for this award. The Patient's Choice Award really means a lot to us and the people can be assured that we're going to continue providing excellent service to them. As a matter of fact, we are currently thinking of different ways to ensure our patient's satisfaction. We want to continue providing only the

very best service to our patients whether its a routine dental exam, our comprehensive teeth whitening or us providing affordable dental implants."

Mirror Lake Family Dentistry is comprised of highly skilled and trained dental professionals who are all licensed and certified. They take pride in their continuous education by attending trainings, lectures and dental conventions to further serve their patients with the latest products, equipment, procedures and techniques. They are also proud to inform the public that they are active members of various dental associations and organizations with good standing.

Meanwhile, Mirror Lake Family Dentistry also has a lot of positive reviews from their patients including being considered as having the best pediatric dentist in Greenville SC. Deborah S., a former patient said, "This dentist office is filled with caring people. The front desk people, the hygienists, the dentists, everyone you come in contact with works to make what could be an unpleasant experience a positive experience."
