PENSACOLA, FL. ? Gator Grafix is featuring their promotional t-shirt, hat, and banner services for summer events. The Pensacola sign shop is prepared to help clients get their orders in for the summer with promising results.

Gator Grafix makes their promotional t-shirts and hats with a unique printing process called Direct On Garment that allows for unlimited colors to choose from and even photo-printing on light garments. Gator Grafix uses technology that prints with a four-color process onto the garment. Because of this unique process, clients do not have to pay for a screen charge. With no screen charge, orders are cheaper. For darker colored items, screen printing is available. Whatever type of printing or product the client chooses when it comes to promotional t-shirts and hats, Gator Grafix is promising to provide results they and clients can take pride in.

For Pensacola banners, Gator Grafix promises the best quality clients can find. Their featured Gator Banner is a heavy duty 13 oz. Banner with high gloss vinyl billboard fabric. With Gator Banners, the colors pop and grab more attention than regular banners according to Gator Grafix. They promise that every banner they

make is able to withstand the outdoors for 6-24 months depending on the weather and location. If the Gator Banner's fabric is not durable enough, Gator Grafix also offers lamination services that give certain finishes or textures such as linen, diamond plate, carbon fiber, metallic, sparkle glitter, frosted or even a dry erase laminate.

Gator Grafix makes banners for all occasions like sales, parades, birthdays, promotions, real estate, trade shows, holidays, reunions and so much more. If a client has an event, Gator Grafix can make a banner for it.

A customer named Bobby stated, "I've been doing business with Gator Grafix for years and have zero complaints. They always have the friendliest staff and some of the lowest prices around. My truck wrap has been on for several years and still looks brand new. A local business that backs their products up. I'd recommend Gator Grafix to anyone."
