

Maserati of White Plains Announces New Lease Deals For June

June 07, 2019

June 07, 2019 - PRESSADVANTAGE -

Maserati of White Plains, in White Plains, New York, has announced that they are currently offering a wide range of Maserati lease deals for the month of June, 2019. The dealership serves White Plains, Yonkers, Scarsdale, Bronxville, Port Chester, and a number of other New York locations from their office on Tarrytown Road in White Plains.

Leonardo Didonna, a representative for the dealership says, "We have a wide range of Maserati models that are available for lease or purchase, and our transparent pricing policy means that our customers never have to worry about hidden fees. We can help any customer to find the perfect luxury car for their individual needs."

Didonna says that the June specials are only valid until the end of the month, and that anyone who has a dream of driving a luxurious Maserati should contact them or stop in at the dealership location at any time during their normal operating hours to get a look at all of the models that they currently have available. Models include the Levante, GranTurismo, Ghibli, and the Maserati Quattroporte.

"Our convenient dealership location, combined with our experienced sales team makes it so easy for anyone to drive away in a Maserati today," says Didonna. "When people test drive one of these luxurious vehicles, they are not satisfied with anything else, and we have the experience that it takes to find the perfect model for any need."

Didonna says that the dealership has a Ghibli lease offer that many customers have been unable to turn down. He adds that the actual cost of lease payments and down payment will vary and that any customer who has questions can contact the dealership to learn more.

Historically, luxury cars like the Maserati were driven only by the rich and famous, and those individuals seemed to be the only people who could afford them. Didonna says that times have changed significantly, making it possible for those without extravagant bank accounts to be able to afford a lease on a new or used

Maserati.

Maserati has long been a coveted luxury vehicle. The brand's features and specifications, not to mention the state of the art technology that goes into designing and manufacturing each and every vehicle under the Maserati name has made it one of the most popular luxury car brands in the world. Didonna states that they have a wide selection of this brand available and a team that includes Maserati experts who know how to help customers to find the perfect model.

Didonna adds that leasing a new or used Maserati does not have to be difficult, and he says that the team includes an expert financing team who can help customers to determine what specific model fits best within their budget. He adds that anyone who is interested in learning more about the Levante lease special or any of the June lease specials that the dealership is offering simply has to visit their White Plains location, where customers can also get an in-person look at the range of luxury vehicles that the dealership has available.

In addition to their leasing specials and purchase of new and used Maseratis, the dealership also has a professional repair and service department that is staffed with skilled and experienced technicians who know this brand inside and out. Didonna adds that their service department can schedule a pick up and delivery of any vehicles that require service.

Customers in the service area who are considering the lease of a new or used Maserati should contact the dealership in person during their normal business hours or through their official company website. The website offers an in-depth look at the current models that are available for the June specials, as well as more detailed information about the specials, such as pricing and payment information. Those who are interested can also contact the dealership directly by phone or email at any time during their normal business hours.
