PHOENIX, AZ ? The U.S. Association of Accredited Business today announced that Redline SEO Services LLC, a prominent Search Engine Optimization company in the Peoria Arizona area, has become an accredited USAAB Member.

As of June 23, 2015, the USAAB has verified that Redline SEO Services LLC, actively assures compliance with a concise Code of Ethics, which includes: quality assurance of services provided, minimal consumer and employee complaints, and truthful marketing practices.

Redline SEO Services is your full service internet marketing company in Peoria, Arizona. From SEO and Web Design, to Reputation Management and Website Repair, Redline SEO Services has taken local businesses from no online presence, to page one in the search results pages. Redline SEO Services offer businesses a free consultation along with a no obligation proposal.

"We go to great lengths to verify all member businesses closely abide by the Membership Code," stated Anthony Cohen, an account representative at the USAAB. "Every business undergoes a rigorous verification process before being offered membership," he explained. In 2015, the USAAB plans to continue to offer membership only to selected companies.

Recently, it's become more common for consumers to research a business's reputation on the internet as well as accreditations issued by third parties prior to considering using their services. Founded in 2013, Redline SEO Services LLC has maintained an overwhelmingly positive reputation among business review websites, public records, the USAAB, and consumer rights organizations.

Redline SEO Services LLC was also recently awarded an excellent rating with several local organizations monitoring the advancement of consumer protection and marketplace trust in Arizona. Redline SEO Services LLC's strong reputation continues to solidify throughout Arizona.
