

Charlottesville Cabinet Refinishing And Painting Services Get Five Star Reviews

June 10, 2019

June 10, 2019 -

Pigment, a business based in Charlottesville, Virginia, that provides cabinet refinishing and painting services has announced that they have received several five star reviews from previous clients. Overall, Pigment has a 4.9 star rating at the Google website. The company specializes in cabinet repainting for bathrooms, kitchens, and more. They offer a custom approach in their painting process, from finishing solid wood to laminate and previously painted surfaces to new builds. By using sophisticated finishing materials and products, they are able to offer increased durability, enhanced property value, and reduced environmental impact. More information about their work can be found at https://press.cityscene.media/pigment-cabinet-painting.

Christy Baker, Creative Director and Lead Designer at Pigment, says, ?We are so proud to announce that we have been receiving mostly positive reviews for our work. Meanwhile, take note that the first step to refinishing your kitchen or bathroom cabinets begins with a free estimate. Please contact us or fill out our easy estimate request form on our website. Once we receive your inquiry we will either schedule a time to visit your home and discuss the project in person or we will ask for pictures of the cabinets.?

Meanwhile, in one of the highly positive reviews they have received, Wendy S. gave them five stars and said, ?Christy has an amazing eye for color. She picked out all the colors for my 30-year-old house as well as painted some furniture pieces to match. The fresh, bright palette she created have given our house such a spacious yet warm, happy feel. Christy worked to create a space reflective of me and my tastes but using her incredible eye for color and design. I highly recommend her and her shop (she also has a wonderful crew working for her). I so look forward to using her again for our next house.? More reviews can be found at https://press.cityscene.media/pigment-google-reviews.

The cabinet finishes that the staff at Pigment can work on range from ?chalk finish? matte to high gloss ?lacquer?. They are also able to provide custom artistic finishes, such as antiqued/distressed, glaze, wash effects, faux bois, strie/dragged brush, and many more.

After receiving an inquiry from a customer, Pigment will schedule a visit to the customer?s home and discussed the project with the customer in person, or they will request for photographs of the cabinets. After a few days, Pigment will provide an estimate an an overview of the approach that will be taken for a particular project. This will include the suggested materials, custom color selection, and an estimate of how long the project will take.

Next, Pigment will send their experienced team to the home of the customer to start prepping and removing doors and drawer fronts that they will professionally finish in their shop. After prepping and priming, the team will then start with the painting of the cabinets in place. They will be utilizing low to no VOC, low odor acrylic finishing materials to ensure the comfort of the customer and loved ones in the home. In the event that the project will need the use of a specialty paint or other finish, this will be discussed with the customer, regarding all aspects, from application to drying times.

Pigment can be found half of a mile east of the Historic Downtown Mall in Charlottesville and serves as a destination for design in Central Virginia. They specialize in refabbed home furnishings with an upcycled modern aesthetic. The Pigment shop has more than 2,500 square feet of workspace, including a completely enclosed, down-draft spray booth. The staff at Pigment have a combined decades of experience in custom paint finishes, including graphics, murals, ?antique? glazes, faux, and more. Meanwhile, Christy Baker, who is Creative Director and Lead Designer, also provides individualized color consultation by the hour.

Those who are interested in getting informed regarding developments involving Pigment can check out their media room at https://www.pressadvantage.com/organization/pigment, visit their website, or contact them by phone or by via email.
