

Locbit Team Expansion Offers Better Support to IoT Customers.

July 18, 2015

July 18, 2015 - PRESSADVANTAGE -

July 17, 2015 - San Diego, CA based company, Locbit, has announced the addition of Toshi Kotani to their team in order to keep up with increased customer demand.

A dean's honor graduate of the University of California at Santa Barbara, Toshi has spent the last decade helping customers define and solve their needs in the areas of telecom, networking, and digital printing.

Vice President of Sales, Brian Murphy, said that "having someone of Toshi's caliber on board will go a long way to addressing the growing requests that we have to visit customers in the hospitality industry."

Toshi Kotani said that, "I am excited to work with an organization whom I sincerely believe will lead the way in the revolution known as the Internet-of-Things. There is a bright future ahead with this outstanding team of visionaries."

The company's contact information and list of team members can be found on their website. Here, those interested in taking advantage of Locbit's services can make inquiries, read more about how analytics work

to streamline other businesses, and view case studies on the efficiency of this automation system. The company has made it clear that they hope to assist each client by improving operations, solving risk management, and reducing energy waste.
