June 17, 2019 - PRESSADVANTAGE -

Honolulu Plastic Surgery, a Hawaiian plastic surgery practice, is pleased to announce their summer promo with the tagline 'Kick off Your Best Look for Summer.' Clients who buy an injectable filler (either Radiesse or Belotero) can get one area treated with Xeomin for free. The practice is also offering a 30% discount on Xeomin for Facial Balancing.

One of the most common procedures performed by Honolulu Plastic Surgery's Dr. Randy Wong is breast augmentation. As many women find themselves dissatisfied with the size and shape of their breasts, this can lead to low self-esteem and self-confidence that in turn leads to overall withdrawal from social situations which can affect their quality of life. 'Before you give up and resign yourself to a life of dissatisfaction with your breasts, you need to schedule a consultation with Dr. Wong,' says the plastic surgery clinic through their website. 'He will be able to let you know his professional opinion on what you need to do to get the breasts that you want.'

Dr. Wong carries out a number of different procedures to help women achieve the desired breast size and shape at the Honolulu Plastic Surgery Center. A surgeon with Dr. Wong's experience offers many options to

both resize and reshape a patient's breasts to achieve the desired appearance, be it to make the breasts more symmetrical, choose the best cup size for one's lifestyle, or even for purely aesthetic reasons. Reshaping or resizing one's breasts can also open up a whole new world of clothing choices. Women with smaller, misshapen breasts have greater difficulty finding the right type of clothing to fit their body type, and can therefore make use of breast augmentation to change the shape and size of their breasts in such a way as to make it easier to find clothes that both fit well and accentuate the natural shape of their bodies.

The techniques and procedures employed by Dr. Wong during breast augmentation make it so the recovery time is significantly reduced. He uses his vast knowledge of, and respect for, the human body to shape it in a way that is aesthetically pleasing and causes minimal disruption. "If you are tired of never having clothes that seem to fit right or of avoiding social situations due to the size of your breasts, then you may need to consider breast augmentation," says the surgery. "The breast augmentation that Dr. Wong performs will reshape and resize your breasts in a way that looks natural and noticeable. You need to call the office of Dr. Wong so they can schedule a consultation. Putting this surgery off will only keep the pattern of low self-esteem going, so time is definitely a factor. Be sure to call today so you can make your Honolulu breast augmentation dream a reality." Find out more here: [Breast Augmentation Honolulu](#).

Dr. Randy Wong is one of Honolulu's leading plastic surgeons, ranked among the area's best doctors in plastic surgery and hand surgery.
