

Dentist Celebrates 5-Star Service Review In Northbrook Community

June 14, 2019

June 14, 2019 - PRESSADVANTAGE -

The Northbrook, IL based Northbrook Dentist Office is pleased to acknowledge its perfect review rating on the Google platform. They invite members of the community to experience their top-rated services, as judged by past patients.

The dental care center has managed to maintain a perfect rating throughout 70 reviews, which has made them one of the best-rated dentists in Northbrook. The clinic's own Dr. Steven Kacel says, "We are very happy to receive such outstanding support from the community. Our goal has always been to offer them the best service possible. Receiving such a response is one of the biggest forms of encouragement and praise we could ever ask for, and this motivates us greatly to continue improving the services we provide."

As the local community has reaped the benefits of the clinic's services for over 30 years, this has earned the dentists a place in the community's heart. They are consistently considered a reliable resource for those looking for a high-quality cosmetic and general dentist.

The Northbrook Dentist Office relies on cutting edge procedures performed by the acclaimed Dr. Kacel, who

uses only the latest technology and instruments. They allow him to ensure that his patients receive the best treatment possible, and they only have to contend with minor inconvenience since they are always in the hands of a professional. Many patients have also complimented the local dental care facility itself, noting that it supports a truly relaxing environment. The clinic asserts that their goal is to sustain a calming influence even on patients who normally experience extreme anxiety when visiting the dentist.

Dr. Kacel states that the clinic takes pride in offering the best dental services at an affordable rate. He explains, "We, better than anyone understand that even though dental care is of the utmost importance, not anyone can afford it. At the Northbrook Dentist Office, we provide a wide range of cosmetic and general dental services, along with a number of financing options. This allows our patients who are in a difficult place to find a plan that fits their budget, giving them the best chance to obtain high-quality dental procedures."

The doctor further asserts that, for him, this is the most important part of his job, stating that providing an affordable service should be a top priority for any dentist to help reduce the cases of dental care negligence. "Proper dental care is something that should be accessible to anyone," he says. "Though many people don't know this, bad oral health can translate into many other health issues. They could even end up putting someone's life at risk, which I consider unacceptable. At Northbrook Dentist Office, we'll do our best to work out a plan that fits our client's necessities, despite their economic situation."

This commitment towards the community, along with their top-notch services, is a large part of what has earned Northbrook Dentist Office its reputation as one of the best dentists in the area. Local residents often express their gratitude towards the dentists through Google's review platform. Samuel Nichols wrote, "During my first visit to Dr. Kacel's office, he managed to surpass my expectations. I came to him as he was highly recommended by the dentist I had used for years in the city, who was now retiring. Since Dr. Kacel's center was close by, I decided to give him a chance, as I wanted someone local. He was very attentive, interested, and gracious. I was impressed with the aura of confidence. I got the impression he was extremely competent and I could relax. His hygienist, Rosemary, was terrific. She did a great job cleaning my teeth, (which are sensitive to many things) without making me uncomfortable at all. I can't recommend Dr. Kacel enough, as he has now become my trusted dentist."

The services provided by Dr. Kacel at the Northbrook Dentist Office include implants, dentures, partial dentures, teeth whitening, porcelain crowns, bridges, infrared cavity detection, and many more. The clinic encourages the community to visit their facility for proper dental care, advising them not to put off their check ups and treatment.

Those interested in learning more about the clinic's general or cosmetic dentistry services may contact Dr. Steven Kacel of the Northbrook Dentist Office, or call them directly and schedule an appointment.
