In the making of a separate online page specifically just for the new Spectrum Series of weapons, Martial Arts Weapons manufacturer "Buki Yuushuu LLC" has only made it easier for customers to find these new weapons. Buki Yuushuu has stated they been promoting these weapons at some tournaments now, and they have had some great success. It's reported the event launch will take place on July 1, 2019. The new Spectrum line will include, Bo Staffs, Kamas, Nunchakus, Viper Kamas and Escrima sticks.

In a space where most competitors simply offer a limited choice and fail to cause much of a stir, Buki Yuushuu LLC has opted to be a little more customer friendly and make a separate online page specifically just for the Spectrum Series of weapons.

Manny DeCastro, President at Buki Yuushuu LLC, says: "We wanted to make a separate online page specifically just for the Spectrum Series of weapons. It was apparent with our Martial Arts Weapons launch of Spectrum at some local tournaments that needed to be done."

Buki Yuushuu LLC has always thrived on the idea of standing out and making a commotion. DeCastro stated "It's all part of the fun, and we simply offer more choice and a better product at a great price to our customers, which we think is better than businesses who choose to do things the 'regular' way." This launch celebration is just one of the many ways Buki Yuushuu LLC achieves that goal.

When asked about Spectrum Series, Manny DeCastro said: "We think it's going to be a real hit because people just like to have more of a choice, colors, flash, and not the same old boring styles and colors."

Spectrum Series is set to launch July 1, 2019. To find out more, those interested can visit them at https://bukiyuushuu.net/spectrum.
