Furthermore, they strive to be efficient in their office by eliminating waste and having skilled staff, which allows them to charge lower fees.

As a result of their commitment to quality dental care that is affordable, many patients have left highly positive reviews. For example, Christopher H. gave them five stars and said, "I have been to several dentists, and they do not measure up to Hylan Dental. The staff is so caring, the doctors are so gentle, and when they say they cater to cowards, they mean it. I have a gag reflex so I can't have anything like gloves or dental tools going in my mouth without gagging but Hylan Dental took really good care of me. They worked through my problem and now I have a wonderful smile that I don't have to hide. Seeing is believing. If you are scared of the dentist, you need to see a Hylan dentist. They will be really gentle with you."
