Panama City Beach, FL: Noble Public Adjusting Group, in Panama City Beach, FL, helped another local woman with her Property Insurance Claim after the process had stalled.

Barbara Fortescue had been living in Panama City Beach, FL, for over 29 years, just 420 feet from the Gulf, when the inevitable happened with Hurricane Michael. The hurricane swept through the area causing major damage to her 3 story home by decimating the roof, top deck, siding, windows, flooring and much more.

Ms. Fortescue attempted to negotiate for 3 months with her insurance company but just as so many others have experienced, the communication was poor and at times non-existent. Her home was also not being assessed properly. Although the top deck was now gone from her home, the Insurance Company was not offering replacement and they were only offering to replace siding with other siding that didn't match. In their discussions over the damages, the discrepancies and their differing opinions, Ms. Fortescue was told by someone working with the Insurance Company, that they had no quality control over their Adjusters. This news became a red flag and Ms. Fortescue felt reaching a fair settlement would be impossible so she opted to hire a Public Adjuster to work on her behalf. In her research she found Noble Public Adjusting Group to

come very highly recommended and took note of how involved in the community they were including offering local seminars, posting episodes of Insurance Wars, she read countless Reviews, and appreciated how Noble created the Hurricane Michael Insurance Q and A community board for others to connect and obtain resources. Within a week of hiring them, the Claims process for her property was in full swing and they began assessing actual damages with Mold Mitigation crews, Inspectors and other experts.

Ms. Fortescue had this to say: "Noble brought light into a very dark place. They surpassed ALL of my expectations. With their experts and extremely competent staff, they were able to reach a settlement with my insurance company that was almost "five" times the amount originally offered. Now, thanks to Noble, I am able to repair my home. If anyone is on the fence, and in need of help with an insurance claim, I can highly recommend Noble Public Adjusting Group, because I can personally attest to the fact that their honest integrity and the results they are able to achieve, speaks for itself! I want to send out a special "Thank You" to all the people, who I now consider friends at Noble, for helping me at one of the most trying times of my life. Thank you Bo, Susan, Kathy, Leo, Chris, and everyone else that helped achieve such great results! God Bless and keep you all!!!"

Noble Public Adjusting Group is the only Local Public Adjuster in the area and in helping Ms. Fortescue with her Claim, they were able to get her Insurance Company to pay five times their original offer.
