Bug Guys Pest Control Receives New 5-Star Review From Indio, CA Resident

June 24, 2019

June 24, 2019 - PRESSADVANTAGE -

Indio, California - June 22, 2019 - Excited to announce a new 5-star review, Bug Guys Pest Control solidifies itself as the top choice in residential pest control services in Indio, CA. The review came in from Tina in Indio that praised Bug Guys Pest Control for their exceptional service of getting rid of rodents on their property.

The 5-star review came from Tina in Indio. She had recently hired Bug Guys Pest Control for a rodent problem on her property as well as controlling insects trying to invade the home. Overall she was very pleased with the service that Bug Guys Pest Control had delivered.

Tina says, "Very professional service. It has been effective in reducing insects coming inside and eliminating the rodents that were scampering around outside. Al communicates when he will be there and always gives updates. We appreciate the hard work and effort Al puts in to keep the desert critters out of our house. Thanks, Bug Guys!"

Bug Guys Pest Control has over 20 years of experience in the industry. They specialize in residential pest control and have assisted over 20,000 homeowners with pest prevention and pest removal. Bug Guys Pest

Control offers several extermination and removal services for many different types of pests, including insects, spiders, rodents, and termite. Their skilled technicians can also handle live animal trapping, for a more human way to eliminate unwanted wildlife on a customer's property or in the home.

One of the most prevalent pests in the Coachella Valley is black widow spiders. This particular species of spiders are of great concern, due to their bite causing health issues including swelling, pain at the site of the bite, shortness of breath. In some cases, a bite from a black widow can cause asphyxiation. Bug Guys Pest Control can inspect the property, find the locations of nests, and eradicate the problem.

For homeowners looking for the best pest control service in the Indio area, Bug Guys Pest Control is one of the few that offer complete solutions to unwanted pests inside and outside the home. Their residential pest control services are performed on a routine basis, including monthly, bi-monthly, or even quarterly. This allows Bug Guys Pest Control to tailor service to customers' needs and budget. The Indio, CA pest control company also uses eco-smart products that are entirely safe for their customers, their families, and even pets.
