

Joel's Pro Tree Service Unveils New Billboard Entitled Got Wood?

June 27, 2019

June 27, 2019 -

Joel's Pro Tree Service has recently unveiled its latest promotional effort: an eye-catching new billboard along the SR 35 in Beavercreek. The billboard is entitled "Got Wood?"—a play on the famous "Got Milk?" advertising campaign.

On top of the large "Got Wood?" text is the name of the company, Joel's Pro Tree Service, and right at the bottom is the website people can visit to learn more about their various tree removal services: joelsprotreeservice.com.

Joel's Pro Tree Service is one of the leading tree service companies in the country, with multiple locations across Ohio. The company offers various tree-related services including tree removal, tree trimming, stump grinding, and more.

Visiting the Joel's Pro Tree Service website can give customers an idea on some of the ways the company can offer their assistance, from removing unsightly tree stumps to ensuring the health of trees within the property.

The service quality is known to be consistent, and clients are always giving Joel's Pro Tree Service five star ratings online. The general consensus is that the tree service company is highly efficient and that it takes pride in a job well done. Joel's Pro Tree Service has a high approval rating, and most customers are willing to hire the company again in the future.

Joel's professionalism is often noted as one of the best reasons to choose the tree service company over its competitors.

"Based on his excellent online reviews, I hired Joel to cut down three trees in my yard and was quite pleased with the overall results. He is very professional, friendly, courteous and ethical. I would highly recommend Joel and his team," said Mahmood Tabatabaie of Beavercreek, Ohio after taking a chance with the company.

Joel's Pro Tree Service employs professional arborists to provide services like stump removal, land, and lot clearing, tree planting, tree cabling or bracing, dead wooding, emergency tree removal, hazardous tree analysis, and tree thinning.

"Joel and his team were fast, professional and competitively priced!" said one reviewer named Robert Strong. "I called for a quote in the morning and the tree was gone by supper time. The crew was friendly, efficient, and they picked up every last twig from the old apple tree. If you need a tree removed or stump ground, [call] Joel. Bonus: I even asked Beavercreek Rental if the price was good, and it endorsed both the price and Joel's business."

With the help of Joel's Pro Tree Service, homeowners can focus on other things that demand their attention like work and other responsibilities. There would be no need to go through the hassle associated with managing and taking care of an entire tree or trees. Hiring a professional arborist is always the safest and most effective way to handle such issues.

The company's goal to prioritize "customer happiness" while making sure the entire process is as convenient as possible for their customers.

Joel's Pro Tree Service hopes to bring even more clients in using the new "Got Wood?" billboard. For more information about Joel's Pro Tree Service, contact the company.
