

Local Denver, CO Roofing Company Receives Yet Another 5-Star Review

June 28, 2019

June 28, 2019 - PRESSADVANTAGE -

Denver, Colorado-based Ropa Roofing, a fully licensed and insured roofing Denver CO company, is proud to announce that they have received yet another 5-star review from a satisfied client who recently engaged their comprehensive roof repair services.

In the Google review, Hannah Leigh Myers commended the company's work ethics, quality workmanship, and impressive customer service. Meyers says, "My husband and I called Ropa Roofing after a massive hail storm destroyed our roof, one month after closing on our first home. One of the company's roof experts, John, was very helpful in explaining the insurance process and the repair process in a way we could understand, even though we had never been through either. We had been warned that roof contractors could try to take advantage and that was 100% not the case with Ropa Roofing. They really had our backs."

She continues, "John and his crew finished the repairs within a week of being hired and then spent the next several months working with our insurance company to get everything covered and a check in our hands before sending us his bill. John and the Ropa Roofing team went above and beyond, even throwing in free services they weren't required to provide to make sure our home was back in excellent shape after the work"

was complete. If you're looking for a roofing company whose people and work you can rely on, I definitely recommend you call John at Ropa Roofing. More Denver roofing reviews about Ropa Roofing can be found on Google, Facebook, HomeAdvisor, and GuildQuality where the company has an average rating of 4.8-5.0 out of 5.0.

As noted on the company's website, Ropa Roofing provides residents of the greater Colorado area with professional home exterior repair and maintenance services. The company highlights that they specialize in roof repair and roof replacement as well as installation of siding, gutters, windows, and more. Brent Roper from Ropa Roofing, says, "We provide quality and affordable roofing solutions to homes and businesses in Golden, Thornton, Denver, Pikes Peak, Arvada, Aurora, Castle Rock, and the surrounding areas. We also carry some of the most exclusive roofing brands such as Owens Corning, GAF, and CertainTeed to make sure we are providing top-notch work, services, and materials to our customers."

He also explains that they repair and maintain all types of residential roofing materials, including asphalt shingles, metal roofing, wood shake roofing, roof tiles, and slate roofing. In addition, Roper points out that Ropa Roofing specializes in EPDM flat roofing, PVC roofing, TPO flat roofing, and torch down roofing for commercial establishments. Furthermore, the roofing company provides other miscellaneous services, such as emergency roof repair, hail damage repair, and storm damage claims.

Ropa Roofing prides itself in having exceeded the expectations of the local Denver community and nearby areas. In fact, they consistently gain high ratings and badges of excellence from online platforms like BBB, HomeAdvisor, and GuildQuality. Furthermore, many of their previous customers can also attest to Ropa Roofing's quality workmanship and excellent customer service.

One satisfied homeowner, Charles Rollman, said, "We just used Ropa Roofing as our prime contractor to restore our property after a recent hail storm. They were honest, reliable, and easy to work with. When the inevitable minor issues popped up, they corrected them with no hesitation. The final results have also drawn compliments from a number of our neighbors. I highly recommend Brent Roper, Josh Adams, Raul Guzman, and the others of Ropa Roofing to get the job done well and as promised."

Meanwhile, JT Fulton, in a Google review, said, "I have been personally working with Ropa Roofing for several years now and my experience has always been great. I have worked with other companies in the past that seemed top notch, but beneath the surface was greed and dishonesty. As a project manager, having confidence in the products and services I'm providing is crucial. The best part about Brent Roper and Ropa Roofing is the confidence I have that every customer will be treated with honesty and integrity from the first contact to warranty work years down the road."

More details can be found on the company's website where customers can also request free cost estimates.

Alternatively, homeowners may send an email or call Ropa Roofing's service hotline to connect with one of their customer service representatives. Interested parties may also check out the company's Press Advantage page at <https://www.pressadvantage.com/organization/ropa-roofing> to stay up to date with the latest news and announcements from Ropa Roofing.
