

Number 1 Dentist In Aurora Earns Another Five-Star Rating

July 03, 2019

July 03, 2019 - PRESSADVANTAGE -

Aurora, Ohio-based Hylan Dental Care is delighted to announce that they have received another five-star review from one of their patients. Dr. Daniel Glick, DDS stated, "We are always happy to help patients learn how to care for their teeth. We appreciate those who take time out of their busy lives to share their experiences with us. We work hard to earn their trust and value the feedback they choose to give."

The reviewer, Justin Chesney, had this to say about his recent experience: "Very thorough, polite, and professional; let me know what was happening before it happened and shared what my out of pocket would be prior to procedure. Very happy with the service!" Chesney's experience is similar to what the clinic strives to maintain for all their patients, and is what makes Hylan Dental Care the best family dental clinic in Aurora, Ohio. Hundreds of other five-star reviews for the clinic can also be read online.

Those seeking same-day dental emergencies services will find that Hylan Dental Care of Aurora is the #1 Emergency Dentist servicing the local area. The clinic provides the best pain-free experience possible for the whole family, regardless of their age or the state of their teeth. They offer affordable dentistry options to help their patients get the treatment they need.

Across America, many who are now parents themselves developed a fear of dentists growing up. Many say that a visit to the dentist creates that same sense of dread that they used to face as children. Unwittingly, those parents are now passing on that fear to their children. However, Hylan Dental Care has developed a pediatric dentistry practice which maintains a fun and friendly environment for children to receive their regular care?and the clinic goes the extra mile to educate their young patients so that they develop good oral care habits between visits.

Dr. Glick continued, ?We are proud to serve Aurora and the surrounding areas with our affordable dentistry options. We can work with most insurance companies to get the best treatment plans, which helps us make sure the whole family is up to date with their checkup and dental care needs.?

Those who wish to get a checkup, get a routine teeth cleaning, or receive other dental services will be delighted to find they can book an appointment online for the dentist in Aurora. There are four locations available, making it convenient for anyone in Aurora, Cleveland, Fairview Park, or Brecksville to request their preferred time and date for their appointment, in addition to outlining the reasons for their visit.

Hylan Dental Care offers a free consultation for anyone looking into braces- including the latest innovations such as Invisalign and Fast braces- which helps their patients choose the best option for them. Similarly, as many parents may not realize that electric toothbrushes make a big difference for those wearing braces, Hylan Dental Care can offer any available coupons or vouchers to help offset the cost of an electric toothbrush for their patients.

The extra effort that the practice makes to help their patients afford their pain-free, comfortable appointments makes them the number one choice for long-time residents and newcomers alike. Shelby Shields said, ?I'm new to the Ohio area and I picked Hylan Dental care to try out for my cleaning. I haven't been to the dentist in a year or so and I am insanely happy with my choice! Everyone there was insanely nice, the lady who cleaned my teeth was so good and sweet. Her name was Erin and I recommend her. She was gentle and explained everything as she went along. The dentist who checked out my teeth after was also super friendly, and they all made me feel very comfortable. The office is also really cute and makes you feel right at home. Definitely found my new dentist and I couldn't be happier with my choice!?

?We invite all our patients, new and returning, to leave their reviews on any of our social media platforms or other review sites. Our patients' opinions and experiences matter most,? affirms Dr. Glick. Hylan Dental Care provides a full range of dental services for any form of oral care and tooth care. They host a full range of cosmetic dentistry options and even offer oral cancer screening as part of their checkups.
