

OceanFrontHHI.com Expands Range of Property Search Options

July 21, 2015

July 21, 2015 - PRESSADVANTAGE -

HILTON HEAD ISLAND, SC ? OceanFrontHHI.com, the top Hilton Head real estate search site for properties on the Hilton Head Beach side, announced today that it has expanded its listings to include more properties from Sea Pines Plantation, Forest Beach real estate and Palmetto Dunes real estate. The site enables users to select properties ? inclusive of homes, condos and land - that suit goals related to investment, vacation ownership or rental.

?Our purpose is to help you find a happy alignment between your personal real estate investment and financial interests, the activities you enjoy for recreation and your family needs,? said Richard C. Pattisall, Jr., CEO of OceanFrontHHI.com. ?This is where we find success. Our recent expansion in listings is intended to help as many people as possible find the right real estate opportunities here in Hilton Head.?

The small, boutique-like site is designed to give users accurate, relevant information about properties in the \$1 million and higher price range, unlike other mass real estate sites that often contain out of date listings or

erroneous information. OceanFrontHHI.com helps users acquire ocean-front property that others would enjoy renting short-term as a way to leverage income-generating potential out of the property. Owning a rentable property also helps drive appreciation in value. Most properties on the site have the potential to generate passive income for owners.

The site makes it possible to search by community as well as by price range and location, such as ?ocean front,? ?harbor? or ?deep water.? The communities shown on the site either have or are also easily accessible to golf, tennis, swimming, biking, kayaking, canoeing, boating, walking nature trails, restaurants, shopping - all the amenities enjoyed by permanent residents, part-time residents, and vacationers.
