

TinyFrog Technologies Recognized as Top 10 Best Web Design Company

July 09, 2019

July 09, 2019 - PRESSADVANTAGE -

TinyFrog Technologies, a San Diego web design company, announced today that it has been selected for Promotion World's "Top 10 Best Web Design Company" list for 2019.

Promotion World, known for their valuable insights relating to a wide range of online marketing tools, selected companies that help businesses build beautiful websites that convert visitors into leads and sales. TinyFrog rose up to rank amongst the world's most successful and innovative web design and development companies to take a spot on Promotion World's Top 10 list.

The criteria used for the Best Web Design Company Awards gauge a company's excellence based on the services offered, package diversity, value, customer service, feedback and website popularity.

TinyFrog's high ranking is due to their all-round excellence in every award criteria.

"We're honored to be recognized by Promotion World as a top web design agency and a leader in our industry. We have our clients and our hard-working team to thank for our continued success," said Mikel

Bruce, CEO of TinyFrog Technologies.

TinyFrog Technologies is a San Diego-based web agency, specializing in WordPress web design & development, secured WordPress maintenance & hosting, WooCommerce e-commerce and search engine marketing. Since it was founded in 2003 in San Diego, TinyFrog has grown to a diverse team of 25 members and has built over 1,100 websites.

In addition, TinyFrog currently hosts and maintains over 600 WordPress websites for businesses across the country.

This is the first time that TinyFrog has been recognized by Promotion World's Top 10 list, a list which aims to connect users with the leading companies in web design.

Previous praise includes recognition as a top web design agency in the U.S. for the past three years by UpCity, an online marketplace for businesses to find the best service providers in digital marketing and web services. In early 2019, Clutch.co, a B2B research, ratings and reviews firm, also recognized TinyFrog as a top global B2B company.
