

Scottsdale Golf Club Opens New Pool And Fitness Center

July 19, 2019

July 19, 2019 - PRESSADVANTAGE -

Scottsdale's premier private golf and country club, The Country Club at DC Ranch, is pleased to announce the opening of their new pool and fitness center. The new fitness center offers over 300 classes, presenting members with the opportunity to participate in a variety of on-demand classes which will be offered according to the members' schedules. The new pool provides a comfortable, picturesque location to spend summer evenings with friends and family. The two new additions to the Scottsdale club's facilities are guaranteed to make the golf club an even more enjoyable experience for golfers and their families.

The Country Club at DC Ranch, as Scottsdale's top golf and country club, is known for its warm and inviting atmosphere. The club says, "Genuine, welcoming, and warm in spirit, the Country Club at DC Ranch is North Scottsdale's premier private golf and country club, celebrating friends and families coming together to enjoy the best of times in a truly distinctive setting, including golf on the club's classic course redesigned by Tom Lehman and John Fought."

The club has a large number of activities for its members to participate in, including tennis, fitness, and swimming. They also take pride in their exceptional dining venues and the wide variety of social events they

host throughout the year. Furthermore, the Country Club at DC Ranch is mere minutes away from a number of high-end shopping and world-class entertainment outlets, as well as luxury real estate. While they offer four different membership types and boast a variety of exceptional individuals among the ranks of its membership, one does not need to be a property owner in DC Ranch in order to hold a membership at The Country Club at DC Ranch, as membership is not in any way tied to real estate.

The first of the four membership types is The Golf Membership, which gives the holder unlimited golf privileges and use of practice facilities for the member, their spouse, and unmarried children below the age of 24. It also includes the use of all social facilities, including the new fitness facilities and swimming pool.

The Junior Golf Membership offers unlimited golf privileges and the use of practice facilities for individuals and families between the ages of 21 and 39. It comes at a reduced initiation fee, which can be paid over four years, and also allows the member access to all social facilities and activities.

The Sport Social Membership allows the member unlimited tee times and guest privileges between June and December, and a maximum of six rounds per family member between January and May. This type of membership allows the member to pay a reduced greens fee each round and gives them access to all social facilities.

The last of the four membership types offered by the Scottsdale golf club is The Clubhouse Membership, which gives the member access to all social facilities and activities in the Clubhouse. Single, childless members below 24 can sign up for single memberships, which offer the same privileges as the others with reduced monthly dues.

Many members have left positive comments on their Facebook page, praising the Scottsdale golf club and its high class facilities. Darlene Loesing says that they, "Had our Company Christmas gathering there. Was very comfortable inside, beautiful patio with furniture, space heaters. Had plenty of room for the caterer and DJ, and then there was a large grass area out back. Would be a great party or wedding venue, it has plenty of parking."

Those looking for a welcoming, comfortable environment to spend time with family and friends can find exactly that at The Country Club at DC Ranch. Scottsdale's premier private golf and country club offers premium facilities and some of the most acclaimed customer service in the area, with each member receiving the best possible treatment. Those interested in becoming a member, or using the country club as a venue for events, may contact The Country Club at DC Ranch at <https://www.ccdcranch.com/>.
