July 19, 2019 - PRESSADVANTAGE -

Solana Family Dental, an award winning dental practice based in Solana Beach, California, is delighted to announce that they have received another 5-Star review from a delighted patient. Elan Weinstein, a representative for Solana Family Dental said, "Getting our patients feedback and recommendations online makes us strive even more to deliver the best dental care we can at affordable prices. We value the trust and confidence all our La Costa Dental based patients have in us, which is why we emphasize professionalism, comfort, and compassion for every patient."

Part of the Carlsbad, California region, La Costa is a popular luxury destination that is well known for its historic Omni La Costa Resort and Spa. It is also a popular place to live in as the hilly terrain give many homes panoramic views of the ocean, resort, and surrounding hills while remaining only a short distance from the beach. The prized residential setting means that many locals also value having access to the best dental services that can be obtained for their family.

In her review, Tricia G. of Carlsbad stated that they received, "Superb dental care in a friendly setting. Dr. Sandler provides excellent up-to-date care, with a gentle, understanding hand." Tricia went on to say that she highly recommends the practice to those looking for dental care.

Those looking for a family dentist, or simply a basic dental exam, deep cleaning, or teeth whitening services can rely on Solana Family Dental to provide care by professionals who are passionate about their work. They provide the highest quality of care, looking after each patient in a welcoming and comfortable environment. The clinic also maintains a blog, where they educate their readers on how to prevent common oral health conditions, such as periodontitis and many other dental care concerns.

They invite all patients to leave their own recommendations on their Facebook page at Solana Beach Dentistry. Parents will also be delighted to read the linked post about children losing their baby teeth?it answers many of the questions that caring parents have regarding this crucial part of their child?s life, allowing them to confidently celebrate that important milestone.

Many parents today developed a fear of dentists when they were kids. Even now, the majority of adult Americans say that a visit to the dentist causes them to remember that fear and dread going to the dentist?even if it is for a routine cleaning. Some are now passing on that same fear to their own children, so finding a great family dental practice like Solana Family Dental, who understand how to make every patient feel comfortable, makes all the difference.

Solana Family Dental serves patients in La Costa, Del Mar, Encinitas, La Jolla, and Carlsbad. Through their website, patients can log in to view their details, and even book an appointment. The practice also provides New Patient Questionnaires which are designed to help patients avoid any delays in the office.

The family run local business retains an expert team of Dentists and Hygienists who will look after every patient with the care and compassion they deserve. From the very youngest patient to the oldest, Solana Family Dental makes it a priority to provide the best care possible. They offer Family Dentistry, Cleaning and Prevention, Teeth Whitening, Invisalign®, and Clear Correct to align teeth. They also provide Cosmetic Dentistry, Restorations, and Periodontal Disease treatments.

The clinic was recently featured on Digital Journal for their blog post offering advice on periodontitis, which affects approximately 65 million people across America. As many people do not realize that this advanced stage of gum disease can cause permanent damage to their gums and their mouth, the clinic considers it a vital necessity to raise awareness regarding this ailment among their patients. The disease has also been linked to other serious medical issues including cardiac disease, strokes, diabetes, and more.
