### **River of Life Chiropractic & Wellness Now Offers Drug Free Pain Relief With Massages**

*July 19, 2019*

July 19, 2019 - PRESSADVANTAGE -

River of Life Chiropractic & Wellness, based in Traverse City, Michigan, has announced that they are now offering on-site massages for drug free pain relief. It is easy to book a massage online using the web page [https://www.massagebook.com/Traverse\\_City~Massage~RiverofLifeChiropracticandWellness](https://www.massagebook.com/Traverse_City~Massage~RiverofLifeChiropracticandWellness). They offer both Swedish massage and deep tissue massage.

Swedish massage utilizes firm but gentle pressure in order to ease muscle tension, promote relaxation, and provide other health benefits. It is a classic massage technique that is designed to help release stress and allow the patient to slip into a calm state of relaxation. On the other hand, deep tissue massage is designed to eliminate severe tension. It is a technique that has been designed to ease tension in both muscles and connective tissue below the surface. It can help in healing injuries below the surface and in enhancing the patient's range of motion.

Dr. Caleb Halulko, the chiropractor at River of Life Chiropractic & Wellness, says, "We are very happy to announce that people can now book our massage therapy services online. We provide excellent massage therapy done by professional licensed massage therapists. Massage therapy is an excellent treatment for

many conditions. The benefit of a therapeutic massage comes from the purpose of the massage. It can rid your body of life's every day stresses, reduce muscle pain, help alleviate the discomfort of certain ailments or just help restore balance to your body and mind, leaving you feeling rejuvenated and helping you maintain a life of wellness and good health.?

River of Life Chiropractic & Wellness has an A+ BBB rating as can be seen at [bbb.org](http://bbb.org). This rating indicates the Better Business Bureau's opinion of how the business is likely to interact with its customers. As such, this rating is based on information that the BBB was able to get regarding the business, including complaints they have received from the public.

During the first visit of a patient to River of Life Chiropractic & Wellness, Dr. Halulko will perform a comprehensive health and wellness evaluation to determine the patient's greatest needs and the fastest and most effective solutions. He will also inform the patient on what to expect for treatment. Patients usually were able to experience pain relief after a few treatments, with resolution often achieved in six to 10 treatments.

They are able to offer various kinds of treatment. These include chiropractic treatment; ART or the Active Release Techniques®; clinical nutrition; IASTM or instrument-assisted soft tissue mobilization; Marc Pro and Marc Pro Plus tools; Rock-Tape, which is the best kinesio-tape for decreasing pain and boosting performance; rehabilitative and corrective exercises; laser and LED light therapy; and massage therapy.

Dr. Caleb Halulko obtained his doctorate degree from Palmer College of Chiropractic. His focus is to integrate the best evidence-based practices in the holistic treatment provided. He specializes in patient-centered care for various issues, such as headaches, acute or chronic pain, digestive problems, achy or stiff joints, neck pain, weight loss management and better health, back pain, sciatic pain, carpal tunnel syndrome, and lower back pain.

That the services provided at River of Life Chiropractic & Wellness are of high quality is proven by the highly positive reviews they have been receiving from patients. For example, at the Health Grades website, Brittany B. gave them five stars and said, "What I liked most about my experience with Dr. Halulko was his genuine care for my well-being. He truly wants to get to the root of the problem so you have to come back as few times as possible. He thinks about the body as a whole to address the cause of the problem, rather than just trying to alleviate symptoms. I found him to be very sincere as well as knowledgeable. I highly recommend him!?"

People who need more information about the services or who would like to schedule an appointment can visit their website, or contact them by phone or through email. They are open from Monday to Friday but consultation is by appointment only. People should make sure to book an appointment first before heading to their office.
