

Miller & Miller Blountstown Now Selling Used Cars In Blountstown

July 23, 2019

July 23, 2019 - PRESSADVANTAGE -

Miller & Miller Blountstown is pleased to announce the launch of their services in the Blountstown, Wewa, Port St. Joe, and Apalachicola areas. The company, a car dealership selling used cars at affordable prices, aims to comprehensively serve the vehicular needs of local residents.

Mike Whitfield, a representative for Miller & Miller Blountstown, says, "There is always a demand for vehicles. The thing is, buying brand new vehicles is not always an option for everyone. People can't afford a brand new Dodge Charger or a Nissan Rogue, but they'd like to own one. We provide the next best thing. At Miller & Miller, we have the best pre-owned cars and we sell them at an affordable price. Come see us and judge for yourself."

Their commitment to quality is backed up by Carfax and, more often than not, by a manufacturer's pre-owned certification. Furthermore, the free Carfax report is easily accessible for most of the cars sold by Miller & Miller Blountstown. When browsing the company's website, a one-click link is prominently included so that anyone can peruse the Carfax report for a full history of the car they are looking to purchase. Some cars are also certified pre-owned by the manufacturers themselves and therefore come with all the benefits that are part of that certification.

The dealership sells used cars of all makes, models, and body styles, of varying mileages. "Of course we have a variety of cars. We have to provide some options for our customers. If you want something American, we've got it. Fords, GMCs, Chevrolets. Dodges. If you like Japanese vehicles, we've got those, too. Nissan, Mitsubishi, Toyota, Kia," says Whitfield. "People have different tastes and needs. We do our best to accommodate. Sometimes, cars come and go quickly so you might want to like our page on Facebook, where we post updates on new cars and offers."

Whitfield states, "We are looking to provide a service that people can trust. We want to have good relationships with our customers. To begin with, we don't buy a car to sell unless we know it's a car that we would use ourselves. Then, of course, there's all the certifications and whatnot. If you buy a car from us, you

can be sure that it's of good quality.?

"We treat the needs of each individual customer with paramount concern," continues Whitfield, speaking about the service provided by the company. "We know that you have high expectations and, as your car dealer, we enjoy the challenge of meeting and exceeding those standards each and every time. If the Panama City dealerships don't have what you are looking for or can't serve your needs, it is just a short drive to Blountstown.?"

The company is also proud to say that, in addition to providing certified used cars at great prices, they also serve the community by providing jobs. Whitfield says, "Hurricane Michael was a terrible, terrible thing and it affected everyone's lives around here. People were left without homes, without food, without jobs. The good thing that came out of it was that other people put their best foot forward and helped. We at Miller & Miller did what we could: we offered jobs to those who needed it, as best as we could manage. We believe in doing our part to give back to the community.?"

The people who have purchased a vehicle from Miller & Miller Blountstown have nothing but positive things to say about the dealership, and are similarly quick to recommend them. Jennifer Yon, a resident of the Blountstown area, says, "Miller & Miller is a company that you can trust. It's run by awesome people and they provide great service. I bought my first car, a nice little Nissan hatchback, from Miller & Miller, and the whole process went smoother than I expected. I don't know much about cars, and Gerald was incredibly helpful in choosing a car that fit my needs. The car was good. The price was fair and reasonable. What more can you want? It's been a year now and I still use the car?and when I am going to switch cars, I know exactly whom to go to.?"

Those looking to shop online / get a quote can find the necessary listings and forms on the Miller & Miller Blountstown website. Customers may also connect with the dealership through their social media platforms to stay up to date with their latest news, offers, and announcements.
