July 23, 2019 - PRESSADVANTAGE -

Kenneth S. Nugent, P.C. in Duluth, a law firm in Duluth, Georgia, has announced the services that they are able to provide to victims of auto accidents in Duluth and neighboring areas. They want to point out that they are the appropriate law firm to consult because they have experienced attorneys in auto accident cases; they are conveniently located; they have a proven track record of successes; they can be reached 24/7; they really care about the client; and they can send representatives to the client who is unable to go to them for the initial consultation.

Tim Derrickson, marketing director at Kenneth S. Nugent, P.C., says, "The law office of Kenneth S. Nugent, PC, fits and exceeds all of the mentioned expectations for auto accident attorneys in Duluth. This firm has seven convenient locations throughout Georgia that are accessible at any time. Legal representatives can be reached by phone or Internet at any time of the day or night, and are even available on the weekends and holidays. They have a proven track record of success in auto accident claims, and they care about their clients."

Kenneth S. Nugent himself points out that they are encouraging auto accident victims to call them for a free

case evaluation. Meanwhile, their areas of practice are not just with regards to car accidents. They can also handle cases involving medical malpractice, wrongful death, workers compensation & workplace injuries, overtime and unpaid wages, insurance in bad faith, dangerous products & premises, and nursing home abuse.

Car accidents are quite common and usually cause serious injuries, including spinal injuries, head traumas, and whiplash. The auto accident attorney will be able to help victims get the compensation that they deserve when they are injured because of a car accident.

Being involved in an auto accident can be confusing and complicated. That is why the law firm can help them in getting the appropriate medical attention from qualified doctors. After the medical needs have been attended to, it would be time to discuss whether the victim has a personal injury case and the attorney will advise the victim on the next steps to take.

A lawsuit may have to be filed unless a settlement can be reached. A settlement may take care of the medical costs, pain, suffering, lost wages, and property damage. How an injury has affected the quality of life of the victim will have a significant role in the computation of a settlement.

The experienced accident lawyer at Kenneth S. Nugent, P.C. in Duluth will also know how to deal with insurance companies in order to get full and fair compensation, filing lawsuits whenever it is necessary.

And then there is the case of wrongful death, where the victim of an accident dies due to the negligence or wrongdoing of another person. The cause may not be an auto accident. Here, the family or loved ones of the victim will be filing a case against the person who caused the accident or event that resulted in the death of the victim.

While the family or loved ones are in grief, the attorneys at Kenneth S. Nugent, P.C. in Duluth advise them to take legal steps as early as possible. If the death was due to an accident, the firm's investigators can go to the accident scene and take photographs and document evidence. Delaying action may mean that the evidence may no longer be there if too much time has passed. Everything, from the roadway conditions, weather conditions to occupant kinematics will be carefully examined to determine responsibility. If the law firm is contacted early, they would be able to interview witnesses while the event is still fresh in their minds, which can help with the case.

Nugent, P.C. can visit their website or contact them through the telephone or via email.
