According to Richard, there are many reasons why people would want to rent a laptop from Easy Payment Options. offer to buy the laptop from Easy Payment Options at any time; and access to a broad range of the latest laptops from reputable retailers.

Through Direct Debit, payments are made direct from the customer's bank account. This is an option that is suitable for people who are able to easily manage their cash flow. Meanwhile, Centrepay is a voluntary bill-paying service that is available for free for Centrelink customers. Centrepay can be used to arrange regular deductions from the customer's Centrelink payment. It is possible to start or change a deduction at any time.

These include wanting a new laptop but being unable to afford the expensive repayments; being frustrated about having an old laptop that is so slow; needing an updated laptop with a crystal clear screen; requiring something more portable than what they currently have; and wanting a laptop that allows the user to download music, play games, and watch movies.
