

Iowa Moving Company Announces Opening

August 08, 2019

August 08, 2019 -
Nex Level Moving is an Iowa moving company with a difference. The company recently announced their official opening, stating that they are nothing like moving companies that people have dealt with in the past.

Adam Feldmann, a representative for the company says, ?We want to make a difference in how people view moving companies. This is why we offer transparent quotes, which is highly beneficial in an industry that has seen a frighteningly high number of scams over the past few years.?

Feldmann says that the company offers a quote to customers and that is the price that they will pay. He adds that they will never tack on additional fees or charge customers for services that they do not receive.

Matt Clarke with the moving company adds, ?We want our customers to know that we are not like other companies at all. We are excited to announce our services in the Cedar Rapids and other major cities in Iowa and we have big plans to expand our moving services into the entire Midwest area in the future.

Clarke says that those who are interested can follow on social media to stay up to date on all of the moving company?s latest news and announcements. He adds that those who are interested in learning more about the company and what makes them different can also visit them on their official company website for an

overview of their services and their service areas.

Clarke and Feldmann are licensed and insured and state that they are ready to help with local and long distance moves. The company ensures that all belongings are safely packed away, with all items being wrapped in blankets to ensure complete safety. Clarke states that they are available to help with all moving tasks such as packing and unpacking. He adds that they take great pride in providing customers with the safest and most stress-free moves possible.

?We know how worrisome and stressful moving can be,? says Clarke. ?That?s why we are here. We want to take that stress away by providing safe and efficient moving services, whether someone is moving across town or across the country and we offer very affordable rates and completely transparent pricing.?

Clarke says that the team is available for loading and unloading help, packing, and can provide assistance with moving heavy items, as well as guidance on how to safely pack valuables to protect them through the move. He adds that they offer rush services for those who are in a time crunch and those who are in need of hurried moving services can contact the company directly to speak with a representative to learn more.

Clarke says that they hope to be able to help all of those in the Cedar Rapids area with their personal or professional moves. He states that they can move households, as well as offices, and that they treat every client?s valuables with the same care and respect.

Those who are interested can visit the moving company in Cedar Rapids IA on their official website to learn more about the specific services that they offer, including their packing and unpacking services, supplies and trucks. Clarke states that their website has more information about the company, as well as a blog that offers helpful tips and advice for those who are planning a move.

Those who are interested in booking the moving company can do so through their website or by emailing or calling them directly. Clarke states that they are always available and that the website has an online contact form that customers can fill out with detailed information about their moving needs to get a quote from the company.

?And again, our quotes are rock solid,? says Clarke. ?When we quote a service, that is the price that our customers pay. That?s what sets us apart from other companies and what we are most proud of about the services that we offer our customers.?
